A-Ha - Take On Me

Originally in Bm, I play in Am
If solo acoustic, just Am until the lyrics start,
skip all the intro goop. Also play fast.

Just drums @ start
Intro, just texture
\[ \text{Am Em Am Em} \]

Keys riff starts
\[ \text{Am D G C C/B} \]
\[ \text{Am D G C C/B} \]
\[ \text{Am D Am Am/D} \]

\[ \text{Am D} \]
We're talking away
\[ \text{G C C/B} \]
I don't know what I'm to say
\[ \text{Am D} \]
I'll say it anyway
\[ \text{G C C/B} \]
Today's another day to find you
\[ \text{Am D} \]
Shying away
\[ \text{Em C} \]
I'll be coming for your love O.K.

I try to start the chorus lines on G, B, D
That G is the same note as the "I'll" in the
last line of the verse

\[ \text{G D/F# Em C} \]
Take on me
\[ \text{G D/F# Em C} \]
Take me on
\[ \text{G D Em C} \]
I'll be gone in a day or two
\[ \text{G D/F# Em C} \]

\[ \text{Am D G} \]
So needless to say I'm odds and ends
\[ \text{C C/B} \]
But I'll be
\[ \text{Am D} \]
Stumbling away
\[ \text{G C C/B} \]
Slowly learning that life is O.K.
\[ \text{Am D} \]
Say after me

\[ \text{Em C} \]
It's no better to be safe than sorry
\[ \text{G D/F# Em C} \]
Take on me
\[ \text{G D/F# Em C} \]
Take me on
\[ \text{G D Em C} \]
I'll be gone in a day or two
\[ \text{G D/F# Em C} \]

Trippy bridge
\[ \text{Bm F Bm F Am D} \]

Intro riff, just keys
\[ \text{Am D G C C/B} \]
\[ \text{Am D G C C/B} \]
\[ \text{Am D Am Am/D} \]

\[ \text{Am D} \]
The things that you say
\[ \text{G C C/B} \]
Is it live or just to play
\[ \text{Am D} \]
My worries away
\[ \text{G C C/B} \]
You're all the things I've got to remember
\[ \text{Am D} \]
You're shying away
\[ \text{Em C} \]
I'll be coming for you anyway

\[ \text{G D/F# Em C} \]
Take on me
\[ \text{G D/F# Em C} \]
Take me on
\[ \text{G D Em C} \]
I'll be gone in a day or two
\[ \text{G D/F# Em C} \]

After 2 choruses, ends on "day", with keys fading...
**Abba - Mamma Mia**

Arlo Guthrie - City of New Orleans

Vocal note - melody starts on the 5
Originally in G, I play in D capo 3, so in F

D A D Riding on the City of New Orleans
Bm G D Illinois Central, Monday morning rail
D A D Fifteen cars and fifteen restless riders
Bm A D Three conductors, and twenty five sacks of mail

Bm All along the southbound odyssey
F#m The train pulls out of Kankakee
A E And rolls along the houses, farms and fields

Bm Passing trains that have no name
F#m And freight yards full of old black men
A D And graveyards of the rusted automobiles

G A D Good morning America, how are you?
Bm G D Say don't you know me, I'm your native son
A D A Bm I'm the train they call the City of New Orleans
C G A I'll be gone five hundred miles when the day is done

D A D Dealing card games with the old men in the club cars
Bm G D A penny a point, ain't no one keeping score
D A D Pass the paper bag that holds the bottle
Bm A D And feel the wheels rumbling 'neath the floor

Bm And the sons of Pullman porters
F#m7 And the sons of engineers
A E Ride their fathers' magic carpet made of steel

Bm Mothers with their babes asleep
F#m7 Rocking to the gentle beat
A D And the rhythm of the rails is all they feel

G A D Good morning America, how are you?
Bm G D Say don't you know me, I'm your native son
A D A Bm I'm the train they call the City of New Orleans
C G A I'll be gone five hundred miles when the day is done

D A D Nighttime on the City of New Orleans
Bm G D Changing cars in Memphis, Tennesee
D A D Halfway home, and we'll be there by morning
Bm A Through the Mississippi darkness, rolling down to the sea

Bm But all the towns and people seem
F#m7 To fade into a bad dream
A E The steel rail still ain't heard the news

Bm The conductor sings his songs again
F#m7 The passengers will please refrain
A D This train's got the disappearin' railroad blues

Billy Joel - Scenes from an Italian Restaurant

G       C
Or was more of a hit at the Parkway Diner
G       F
We never knew we could want more than that
    E
out of life
Am       G/B       C       D
Surely Brenda and Eddie would always know how
    G
to survive

G       F       C/E       D
Oh oh, oh oh, oh oh oh
G       F       C/E       D
Oh oh, oh oh, oh oh oh

G
Brenda and Eddie were still going steady in the
D           D       C
summer of seventy five
G       G7/B
When they decided the marriage would be at the
C
end of July
G       D       D       C
Everyone said they were crazy
G       C
Brenda you know that you're much too lazy
G       F
And Eddie could never afford to live that kind of
    E
life
Am       G/B       C       D
Oh, but there we were waving Brenda and Eddie
    G
goodbye

G       F       C/E       D
Oh oh, oh oh, oh oh oh
F/C       C       F/C

D       G
And a couple of paintings from Sears
F/C       C       F/C
A big waterbed that they bought with the bread

Billy Joel - The Downeaster 'Alexa'

Originally in Am, I play in Em.
Sometimes I capo 2, the highest note is Bb in Am.
Mostly muted, be judicious with strumming.

Em

Vox start on I II III (B in G)

Well I'm on the Downeaster Alexa

And I'm cruising through Block Island Sound

I have charted a course to the Vineyard

But tonight I am Nantucket bound

We took on diesel back in Montauk yesterday
And left this morning from the bell in Gardiner's Bay
Like all the locals here I've had to sell my home
Too proud to leave I worked my fingers to the bone

So I could own my Downeaster Alexa
And I go where the ocean is deep
There are giants out there in the canyons
And a good captain can't fall asleep

I've got bills to pay and children who need clothes
I know there's fish out there but where God only knows
They say these waters aren't what they used to be

But I've got people back on land who count on me
So if you see my Downeaster Alexa
And if you work with the rod and the reel
Tell my wife I am trolling Atlantis
And I still have my hands on the wheel

Interlude, lots of ayyy-oh and accordion noises

Now I drive my Downeaster Alexa
More and more miles from shore every year
Since they tell me I can't sell no stripers
And there's no luck in swordfishing here

I was a bayman like my father was before
Can't make a living as a bayman anymore
There ain't much future for a man who works the sea
But there ain't no island left for islanders like me

Ay-ay yo, oh

Billy Joel - You May Be Right

I said take me as I am
'E 'cause you might enjoy some madness for a while

Now think of all the years you tried to
Find someone to satisfy you

I might be as crazy as you say

If I'm crazy then it's true

That it's all because of you

And you wouldn't want me any other way

You may be right I may be crazy
But it just may be a lunatic you're looking for

Turn out the lights it's too late to change me

You may be wrong for all I know

But you may be right

Solo if appropriate on verse chords

You may be right I may be crazy
But it just may be a lunatic you're looking for

Turn out the lights don't try to save me

You may be wrong for all I know

But you may be right

Remember how I found you there
Alone in your electric chair

I told you dirty jokes until you smiled
You were lonely for a man

Bob Dylan - The Times They Are A-Changin'

Come gather 'round people
Wherever you roam
And admit that the waters
Around you have grown
And accept it that soon
You'll be drenched to the bone
If your time to you is worth savin'
Then you better start swimmin'
Or you'll sink like a stone
For the times they are a-changin'

Come writers and critics
Who prophesize with your pen
And keep your eyes wide
The chance won't come again
And don't speak too soon
For the wheel's still in spin
And there's no tellin' who that it's namin'
For the loser now
Will be later to win
For the times they are a-changin'

Come senators, congressmen
Please heed the call
Don't stand in the doorway
Don't block up the hall
For he that gets hurt
Will be he who has stalled
There's a battle outside
And it's ragin'
It'll soon shake your windows
And rattle your walls
For the times they are a-changin'

Come mothers and fathers
Throughout the land
And don't criticize
What you can't understand
Your sons and your daughters
Are beyond your command
Your old road is rapidly agin'
Please get out of the new one
If you can't lend your hand
For the times they are a-changin'

The curse it is cast

Bob Marley
Bob Seger - Turn The Page

I like to play this about 1.5x faster than the original, starting with the Em at the 7th fret with the open top string, then going to more like a low E5 in the second part of the verse.

Changing positions keeps this fairly repetitive song from getting stale. Actually I try to use as many voicings with the open high E string as I can.

Em  D  Em  Em

Em
On a long and lonesome highway east of Omaha
D
You can listen to the engine, moanin' out its one note song
A
You can think about the woman, or the girl you knew the night before
Em
And your thoughts will soon be wandering the way they always do
D
When you're riding sixteen hours and there's nothing much to do
A
You don't feel much like writing, you just wish the trip was through

D  Em
But here I am, on the road again
D  Em
Here I am, up on stage
D  A
Here I go, playing the star again
C  D  Em
There I go, turn the page

Quiet, let chords ring...

Em
Out there in the spotlight, you're a million miles away
D
Every ounce of energy you try to give away
A
And the sweat pours out your body like the music that you play
Em
Later on that evening, as you lie awake in bed
D
The echoes of the amplifiers ringin' in your head
A
And you smoke the day's last cigarette, remembering what she said
Em
But here I am, on the road again
Here I am, up on stage
Here I go, playing the star again
There I go, turn the page

Now getting loud again...

But here I am, on the road again
Here I am, up on stage
Here I go, playing the star again
There I go, there I go

*Originally around C, I play in A*

I play straight-8ths, almost punk

\[ A \text{ F}#m \text{ A} \text{ F}#m \]

\[ A \]

Every night I hope and pray, a dream lover will come my way

\[ A \text{ F}#m \]

A girl to hold in my arms, and know the magic of her charms

\[ A \text{ E}7 \text{ A} \text{ D} \]

Because I want a girl to call my own

\[ A \text{ F}#m \text{ Bm}7 \text{ E}7 \]

I want a dream lover so I don't have to dream alone

\[ A \text{ F}#m \]

Dream lover, where are you, with a love, oh, so true

\[ A \text{ F}#m \]

And a hand that I can hold, to feel you near as I grow old

\[ A \text{ E}7 \text{ A} \text{ D} \]

Because I want a girl to call my own

\[ A \text{ F}#m \text{ Bm}7 \text{ E}7 \]

I want a dream lover so I don't have to dream alone

\[ D \]

Someday, I don't know how, I hope she'll hear my plea

\[ B7 \text{ E}7 \]

Some way, I don't know how, she'll bring her love to me

\[ A \text{ F}#m \]

Dream lover, until then, I'll go to sleep and dream again

\[ A \text{ F}#m \]

That's the only thing to do, till all my lover's dreams come true

\[ A \text{ E}7 \text{ A} \text{ D} \]

Because I want a girl to call my own

\[ Gm \text{ A}# \text{ F}7 \text{ A}# \text{ D}# \]

I want a dream lover so I don't have to dream alone

\[ Gm \text{ A}# \]

Please don't make me dream alone

I beg you don't make me dream alone

\[ Gm \text{ A}# \]

No, I don't wanna dream alone

Bruce Springsteen - Blinded by the Light

Some silicone sister with her manager's mister told me I got what it takes strong if you'll play that song with the funky
She said, "I'll turn you on sonny, to something strong if you'll play that song with the funky
And Go-cart Mozart was checkin' out the weather chart to see if it was safe to go outside
And little Early-Pearly came by in her curly-wurly and asked me if I needed a ride

Loud again
Oh, some hazard from Harvard was skunked on beer playin' backyard bombardier
Yes and Scotland Yard was trying hard, they sent some dude with a calling card who said "Do what you like, but don't do it here"
Well, I jumped up, turned around, spit in the air, fell on the ground, asked him which was the way back home
He said, "Take a right at the light, keep goin' straight until night, and then, boys, you're on your own"
And now in Zanzibar a shootin' star was ridin' in a side car hummin' a lunar tune

Bruce Springsteen - Glory Days

I had a friend was a big baseball player
Back in high school
He could throw that speedball by you
Make you look like a fool boy

We went back inside sat down, had a few drinks
But all he kept talking about was

There's a girl that lives up the block
Back in school she could turn all the boys' heads
Sometimes on a Friday I'll stop by and have a few drinks
After she put her kids to bed

She says when she feels like crying she starts laughing thinking about

There's a girl that lives up the block
Back in school she could turn all the boys' heads
Sometimes on a Friday I'll stop by and have a few drinks
After she put her kids to bed

After
I am a little bear  
So cute with fuzzy hair  
Once upon a time I was so nice  
Now I'm loved and hugged no more  
And I'm stuck here at this store  
And nine ninety-nine is my new price  
I used to hang around  
All glossy black and brown  
In a high-rise apartment oh so fancy  
But I lost my button eye  
And began to slowly die  
And now it's up to you to bring me mercy  
This little soul of mine  
Is nine ninety-nine  
And if you've got some thread  
Then you can fix me  
I'm torn, old, and pale  
And I am for sale  
What I need is for someone to pick me  
I was put out with the trash
Now your mom is getting used to a
Although she is confused by a
Slightly stinky old bear smell

This little soul of mine
Is nine ninety-nine
And if you've got some thread
Then you can fix me
I'm torn old and pale
And I am for sale
What I need is for someone
What I need is for someone

Lying in my bed I hear the clock tick and think of you

Caught up in circles confusion is nothing new

Flashback to warm nights almost left behind

Suitcases of memories time after time

Sometimes you picture me I'm walking too far ahead

You're calling to me, I can't hear what you've said

Then you say go slow I fall behind

The second hand unwinds

If you're lost you can look and you will find me

Time after time

If you fall I will catch you I'll be waiting

Time after time

After my picture fades and darkness has turned to gray

Watching through windows you're wondering if I'm OK

The drum beats out of time

If Melissa ever called the number that I gave her, she wouldn't understand why it wasn't my voice on the line.

Dan Morris
Yesterday the sun shined but you knew that it wouldn't last

If yesterday was a bucket of seeds then today's just a patch of grass

When you woke up this morning you felt the rain fall on your head

Yesterday you cruised the sky but today you'll stay in bed

You are an unusually blue bluebird,

I guess you won't fly today

You are an unusually blue bluebird,

The wind just won't blow your way

But you're an unusually blue bluebird

Colors bright and strong

You're an unusually blue bluebird

So today you'll sing your song

But you're an unusually blue bluebird

Colors bright and strong

You're an unusually blue bluebird

So today you'll sing your song

You're an unusually blue bluebird

Make the best of the day

You're an unusually blue bluebird

You never know what will blow your way

You're an unusually blue bluebird

You'll sing your song
She's just a dream, just another door that you can't open

Just stay away

You know you've been through this before

But you can't sleep

Can't even breathe when you're without her

Each time the clock goes 'round

Your heart falls down

And you ask yourself just why it should be you

Why you should be the lucky one

You ask yourself what you can give her

When the day is over

Just to show her that it should be you

And when another sunlight falls upon her hair

Will you be there? Will she even care?

Will you be there when her summer breezes blow

Her leaves of autumn, her hint of winter snow

And while you're waiting and a month becomes a year

Will she care for your lost seasons, will she shed a single tear?

Will you be there, yeah

Will you be waiting dreaming wandering alone?

Will you be there will you be will you will you there?

Or will she see you waiting and wonder wonder where?

One Friday night at a football game

The lord's prayer said and the anthem sang

And a man said folks would you bow your head

For a list of local Vietnam dead

Crying all alone under the stand

Was a piccolo player in the marching band

And one name read and nobody really cared

But a pretty little girl with a bow in her hair

I cried

Never gonna hold the hand of another

Guy, too young for him they told her

Waiting for the love of a travelin' soldier

Our love will never end

Waiting for the soldier to come back

Again, never more to be alone

When the letter says a soldier's coming home

I got the call today that I didn't wanna hear
But I knew that it would come
Old true friend of ours was talking on the phone
She said you found someone
And I thought of all the bad luck
And the struggles we went through
And how I lost me and you lost you
What are these voices outside love's open door
Make us throw off our contentment
And beg for something more?

But I'm learning to live without you now
But I miss you sometimes
And the more I know, the less I understand
All the things I thought I knew I'm learning again

I've been trying to get down
To the heart of the matter
But my will gets weak

There's a yearning undefined
And people filled with rage
We all need a little tenderness
How can love survive in such a graceless age?

Ah the trust and self-assurance that lead to happiness
They're the very things we kill, I guess
Our pride and competition
Can not fill these empty arms
And the work I put between us
You know it doesn't keep me warm

I'm learning to live without you now
But I miss you baby

The day the music died

G    C    G    D
So bye, bye Miss American Pie
G    C    G    D
Drove my Chevy to the levy but the levy was dry
G    C    G    D
And good old boys were drinkin' whiskey and rye
Em    A7
Singin' this'll be the day that I die
Em    D7
This'll be the day that I die

G    Am
Did you write the book of love?
C    Am
And do you have faith in god above
Em    D
If the bible tells you so?

G    D    Em
Do you believe in rock and roll
Am7    C
Can music save your mortal soul
Em    A7    D
And can you teach me how to dance real slow?

Em    D
Well I know that you're in love with him
Em    D
'Cause I saw you dancin' in the gym
C    G    A7
You both kicked off your shoes
C    D7
Man I dig those rhythm and blues
G    D    Em
I was a lonely teenage broncin' buck
Am    C
With a pink carnation and a pickup truck
G    D    Em
But I knew I was out of luck
C    D7    G    C    G
The day the music died, I started singin'

G    C    G    D
So bye, bye Miss American Pie
G    C    G    D
Drove my Chevy to the levy but the levy was dry
G    C    G    D
And good old boys were drinkin' whiskey and rye
Em    A7
Singin' this'll be the day that I die
Em    D7
This'll be the day that I die

G    Am
Now for ten years we've been on our own
C    Am    Em
And moss grows fat on a rolling stone
D
But that's not how it used to be
G    D    Em
When the jester sang for the king and queen
Am7    C
In a coat he borrowed from James Dean
Em    A7    D
In a voice that came from you and me

Don McLean
And while the king was looking down
The jester stole his thorny crown
The courtroom was adjourned
No verdict was returned
And while Lenin read a book on Marx
The quartet practiced in the park
And we sang dirges in the dark
The day the music died
We were singin'

So bye, bye Miss American Pie
Drove my Chevy to the levy but the levy was dry
And good old boys were drinkin' whiskey and rye
Singin' this'll be the day that I die
This'll be the day that I die

Helter skelter in a summer swelter
The birds flew off with a fallout shelter
Eight miles high and fallin' fast
It landed foul on the grass
The players tried for a forward pass
With the jester on the sidelines in a cast
Now the halftime air was sweet perfume
While sergeants played a marching tune
We all got up to dance

But we never got the chance
'Cause the players tried to take the field
The marching band refused to yield
Do you recall what was the feel
The day the music died?
We started singin'

So bye, bye Miss American Pie
Drove my Chevy to the levy but the levy was dry
And good old boys were drinkin' whiskey and rye
Singin' this'll be the day that I die
This'll be the day that I die

And there we were all in one place
A generation lost in space
With no time left to start again
So come on Jack be nimble, Jack be quick
Jack Flash sat on a candle
Stick, 'cause fire is the devil's only friend
And as I watched him on the stage
My hands were clenched in fists of rage
No angel born in Hell
Could bread that Satan's spell
And as the flames climbed high into the night
To light the sacrificial rite
Don McLean - American Pie

I saw Satan laughing with delight
The day the music died
He was singin' I

Bye, bye Miss American Pie
Drove my Chevy to the levy but the levy was dry
And good old boys were drinkin' whiskey and rye
Singin' this'll be the day that I die
This'll be the day that I die

I met a girl who sang the blues
And I asked her for some happy news
But she just smiled and turned away
I went down to the sacred store
Where I'd heard the music years before
But the man there said the music
Wouldn't play

But in the streets the children screamed
The lovers cried and the poets dreamed
But not a word was spoken
The church bells all were broken
And the three men I admire most
The Father, Son, and the Holy Ghost
They caught the last train for the coast
The day the music died

And they were singin'

Elvis Presley - Fever

Often played in Am, I play in Em capo 3.
Note the vocals ride mostly on IV in this key, i.e. the A in Em.
Crazy chromatic key changes are also common, but I skip that when doing it acoustic. This is fun to do with just bass and vox, in which I case I go up a half-step after every chorus.

George Michael - Faith

Originally somewhere between B and C, I play in A

Intro, skip the whole organ bit

Guitar only, just one measure in original, but wait for vox

Bass and drums enter when vox come in, drums still pretty sparse

Well I guess it would be nice if I could touch your body

I know not everybody has got a body like you

But I've got to think twice before I give my heart away

Girl I know all the games you play 'cause I play them too

Drums ramping in

Oh but I need some time off from that emotion

Time to pick my heart up off the floor

And when that love comes down without devotion

Hard stop on 'door'

Well it takes a strong man baby but I'm showing you the door

'Cause I gotta have faith

I gotta have faith

I gotta have faith, a-faith, a-faith

Hard stop on last "faith"

I gotta have faith, a-faith, a-faith

Solo

A A D A

A A D A

Before this river becomes an ocean

Before you throw my heart back on the floor

Oh baby I'll reconsider my foolish notion

Hard stop then LONG PAUSE on 'more'

Well I need someone to hold me but I'll wait for something more

Wait for vox before entering... no matter how long...

'Cause I gotta have faith
I gotta have faith
I gotta have faith, a-faith, a-faith
*Hard stop on last "faith"*
I gotta have faith, a-faith, a-faith
Gotye - Somebody That I Used to Know

Originally in Dm, I play in Am, which is really low in the verse, so take all opportunities to take the melody up rather than down. Playing in the original key and dropping the chorus an octave is also reasonable.

And I don't even need your love

But you treat me like a stranger

And that feels so rough
Am    G    F    G
No you didn't have to stoop so low
Am    G    F
Have your friends collect your records

Grease - Freddy My Love

Originally in Db, I play in E
Get the vox ready for “flipped over that gray
 cashmere sweater”,
and also think hard about how serious you are about
the melody in
the bridge. It’s rhythmically simple, but melodically
wild. Plan
on a class-II train wreck in the bridge.

B7  B6  B+  B7

Vox start on the 1
E  Emaj7  A
Freddy my love, I miss you more than words can

Vox on the 7 of the chord on “touch”, down to the 3 of

Vox on 3 1 of the first chord ("keep your"), then
1 5 of the second ("from me").
That sets the tone, although this bridge is
super-complicated to sing. Just hit
the high 3 of the chord on “mind” at the end and it
will be OK.

He won't leave me a lone

Don't go up to the high octave here

Stuck it in the middle and I shot it in the middle

And it, it drove outta my mind

I should've known better, said I wish I never met

I leave it all behind, yowsa

**Heart - Alone**

The original starts in Bbm. For a male voice this works okay with the chorus an octave down. For a human (i.e., non-Heart) female, Gm is somewhat reasonable, so I play it in Em, capo 3. A dude singing in Em works pretty well too. If feeling less-than-great in Em, don't go up to "got by" (which is a G), just stay on the E. Similarly, sing the "how do i get you alone?" on E,F,E-->D instead of G,F,E-->D.

We could live for a thousand years
But if I hurt you, I'd make wine from your tears
I told you that we could fly
Cause we all have wings but some of us don’t know why

*Hang on the last "you"
All my bags are packed I'm ready to go
I'm standin' here outside your door
But the dawn is breakin' it's early morn
The taxi's waitin' he's blowin' his horn
Already I'm so lonesome I could cry
So kiss me and smile for me
Tell me that you'll wait for me
Hold me like you'll never let me go
Cause I'm leavin' on a jet plane

Now the time has come to leave you
One more time just let me kiss you
Close your eyes I'll be on my way
Dream about the days to come
When I won't have to leave alone
About the times I won't have to say

There's so many times I've let you down
So many times I've played around
I tell you now, they don't mean a thing
Every place I go I'll think of you
Every song I sing I'll sing for you
When I come back I'll wear your wedding ring

So kiss me and smile for me
Tell me that you'll wait for me
Imagine there's no heaven
It's easy if you try
No hell below us
Above us only sky
Imagine all the people
Living for today
Imagine there's no countries
It isn't hard to do
Nothing to kill or die for
And no religion too
Imagine all the people
Living life in peace
You may say that I'm a dreamer
But I'm not the only one
I hope someday you'll join us
And the world will live as one
Imagine no possessions
I wonder if you can
No need for greed or hunger
A brotherhood of man

Kenny Rogers - The Gambler

On a warm summer's evenin' on a train bound for nowhere
I met up with the gambler, we were both too tired to sleep
So we took turns a-starin' out the window at the darkness
Till boredom overtook us, and he began to speak
He said, son, I've made a life out of readin' people's faces
And knowin' what their cards were by the way they held their eyes
And if you don't mind my sayin', I can see you're out of aces
For a taste of your whiskey I'll give you some advice
So I handed him my bottle and he drank down my last swallow
Then he bummed a cigarette and asked me for a light
And the night got deathly quiet, and his face lost all expression

Said, if you're gonna play the game, boy, ya gotta learn to play it right
You got to know when to hold 'em, know when to fold 'em
Know when to walk away and know when to run
You never count your money when you're sittin' at the table
There'll be time enough for countin' when the dealin's done

Ev'ry gambler knows that the secret to survivin' is knowin' what to throw away and knowing what to keep
'Cause ev'ry hand's a winner and ev'ry hand's a loser
And the best that you can hope for is to die in your sleep
And when he'd finished speakin', he turned back towards the window
Crushed out his cigarette and faded off to sleep
And somewhere in the darkness the gambler, he broke even

Michael Jackson
Michael Jackson - Thriller

Originally in C#m, I play in Am
Be sure to work out the melody ahead of time for the chorus and bridge

Am7 D7

The original does i --> IV for the first half of each verse,
I'm following an arrangement that's IV --> i the whole verse.

D7
It's close to midnight and something evil's lurking in the dark

D7
Under the moonlight you see a sight that almost stops your heart

D7
You try to scream but terror takes the sound before you make it

D7
You start to freeze as horror looks you right between the eyes

C
You're paralyzed

Vox on 1 7 on "thriller", can also do 7 5 or #6 5

Am Am G/B C 'Cause this is thriller, thriller night

D7 Dm7
There ain't no second chance to kill the thing with forty eyes girl

Am Am G/B C Thriller, thriller night

D7 F7 D7 You're fighting for your life inside a killer, thriller, tonight

Am7

Vox up to the 5 of the first chord
Can also do 3 2 1 on the first chord on "night creatures"

D7
Night creatures call and the dead start to walk in their masquerade

Am7 Am7/G F#m7b5 There's no escapin' the jaws of the alien this time

Fmaj7 E7sus4 E7 This is the end of your life

Am7

D7
They're out to get you there's demons closing in on every side

Am7

You hear the door slam and realize there's nowhere left to run

Am7
They will possess you unless you change the number on your dial

Now is the time for you and I to cuddle close together

All through the night I'll save you from the terror on the screen

I'll make you see

That this is thriller, thriller night

'Cause I can thrill you more than any ghost would ever dare try

Thriller, thriller night

So let me hold you tight and share a killer, thriller, ow!

I'm gonna thrill you tonight

End on "thrill you tonight", or keep going if appropriate...

Darkness falls across the land the midnight hour is close at hand
Creatures crawl in search of blood to terrorize y'all's neighborhood
And whosoever shall be found without the soul for getting down
Must stand and face the hounds of hell and rot inside a corpse's shell
The foulest stench is in the air the funk of forty thousand years
And grizzly ghouls from every tomb are closing in to seal your doom
And though you fight to stay alive your body starts to shiver
If I play in G, which sounds better on guitar, I go down an octave for the chorus. Or I play in E, which sounds better for my voice, and go up to the chorus (which is a monster of E, but worth it.

In E, it's lots of open pentatonic minor, and E D A D (i.e., ignore all the slash chords and add9's).

And start sloooow, the chorus is a lot of words.

You have shattered all of my dreams

You are my sunshine my only sunshine
You make me happy when skies are gray
You'll never know, dear

A   B   G#m   C#m   A   B   E

G#m   F#m

E
There’s a sunny little country south of Mexico
F#7
Where the winds are gentle and the waters flow
A   Am
But breezes aren’t the only things that blow in El Salvador
E

If you took the little lady for a moonlight drive
F#7
Odds are still good you’d come back alive
A   Am
But everyone is innocent until they arrive in El Salvador
E   E7

If the rebels take a bus on the grand highway
G#m   C#m
The government destroys a village miles away
A
The man on the radio says
Go down to the 1 instead of up to the 3 on “border”
B   E   E7
Now we’ll play South of the Border
A   B
And in the morning the natives say
C#m
We’re happy you have lived another day
A
Last night a thousand more
B   E
Passed away in El Salvador

C#m   B
Oooh Oooh

Pause and ease into the next verse rubato

E
There’s a television crew here from ABC

Peter, Paul, and Mary - El Salvador

F#7
Filming Rio Lempe and the refugees
A   Am
Calling murdered children the tragedy of El Salvador
E

Before the government camera twenty feet away
F#7
Another man is asking for continued aid
A   Am
Food and medicine and hand grenades for El Salvador
E   E7

There’s a thump, a rumble, and the buildings sway
G#m   C#m
A soldier fires the acid spray
A
The public address system
B   E   E7
Starts to play South of the Border
A   B
You run for cover and hide your eyes
G#m   C#m
You hear the screams from paradise
A
They’ve fallen further than you realize
C#m
In El Salvador

A   F#7   B
La, la, ooh

E
Just like Poland is protected by her Russian "friends"

F#7
The junta is assisted by Americans
A   Am
And if sixty million dollars seems too much to spend in El Salvador
E
They say for half a billion they could do it right
Peter, Paul, and Mary - El Salvador

F#7
Bomb all day, burn all night
  A       Am
Until there's not a living thing upright in El Salvador
  E       E7

A          B
They'll continue training troops in the USA
G#m       C#m
And watch the nuns that got away
A          B
And teach the military bands
  E       E7
To play South of the Border
A          B
And kill the people to set them free

Peter, Paul, and Mary - I Dig Rock and Roll Music

Tricky to get this to sound not stupid without percussion.

Peter, Paul, and Mary - If I Had a Hammer
Puff the magic dragon lived by the sea
And frolicked in the autumn mist
In a land called Honalee

Little Jackie Paper loved that rascal Puff
And brought him strings and sealing wax
And other fancy stuff Oh

Together they would travel on boat with billowed sail
Jackie kept a lookout perched on Puff's gigantic tail
Noble kings and princes would bow whene'er they came

Puff no longer went to play along the cherry lane
Without his lifelong friend, Puff could not be brave

So, Puff that mighty dragon
Sadly slipped into his cave, but

Peter, Paul, and Mary - Right Field

Saturday summers when I was a kid
We'd run to the schoolyard and here's what we did
We'd pick out the captains and we'd choose up the teams
It was always a measure of my self esteem
Cause the fastest, the strongest played shortstop and first
The last ones they picked were the worst
I never needed to ask, it was sealed
I just took up my place in right field
Playing right field, it's easy you know
You can be awkward, you can be slow
That's why I'm here in right field
Just watching the dandelions grow

Playing right field can be lonely and dull
Little leagues never have lefties that pull
I dream of the day, when they hit one my way
They never did, but still I would pray
That I'd make a fantastic catch on the run
And not lose the ball in the sun
And then I'd awake from this long reverie
Peter, Paul, and Mary - This Land is Your Land

PPM play this in A, I play in G capo 1.

This land is your land, this land is my land
From California to the New York island
From the redwood forests to the Gulf Stream
This land was made for you and me

As I was walking that ribbon of highway
I saw above me, that endless skyway
I saw below me, the golden valley
This land was made for you and me

As the sun was shining, and I was strolling
Through the wheat fields waving and the dust clouds rolling
I could feel inside me and see all around me
This land was made for you and me

This land is your land, this land is my land
From California to the New York island
From the redwood forests to the Gulf Stream
This land was made for you and me

I roamed and rambled, and followed my footsteps
Through the sparkling sands of her diamond deserts
And all around me this voice kept saying
This land was made for you and me

Simon and Garfunkel - Homeward Bound

Originally in Bb, I play In G capo 3
Verse tab:

G

I'm sitting in a railway station

Bm/F# Bdim E7

Got a ticket for my destination, mmmmm

Am

On a tour of one-night stands

F

My suitcase and guitar in hand

G

And every stop is neatly planned

For a poet and a one-man band

G

Homeward bound

G

I wish I was homeward bound

G

Home, where my thoughts are 'scaping

G

Home, where my music's playing

G

Home, where my love lies waiting silently for me

G

Everyday's an endless stream

Bm/F# Bdim E7

Of cigarettes and magazines, mmmmm

Am

And each town looks the same to me

F

The movies and the factories

G

And every stranger's face I see

Reminds me that I long to be

G

Homeward bound

G

I wish I was homeward bound

G

Home, where my thoughts are 'scaping

G

Home, where my music's playing

G

Home, where my love lies waiting silently for me

G

So tonight I'll sing my songs again

Bm/F# Bdim E7

I'll play the game and pretend, mmmmm

Am

But all my words come back to me

F

In shades of mediocrity

G

Like emptiness in harmony

I need someone to comfort me

G

Homeward bound

G

I wish I was homeward bound

G

Home, where my thoughts are 'scaping

G

Home, where my music's playing

G

Home, where my love lies waiting silently for me

Bm/F# Bdim E7

Silently for me, mmmmm

Somebody once told me the world is gonna roll me

I ain't the sharpest tool in the shed

She was looking kind of dumb with her finger and her thumb

In the shape of an "L" on her forehead

Well, the years start coming and they don't stop coming

Fed to the rules and I hit the ground running

Didn't make sense not to live for fun

Your brain gets smart but your head gets dumb

So much to do much to see

So what's wrong with taking the back streets

You'll never know if you don't go

You'll never shine if you don't glow

Hey now, you're an all-star, get your game on, go play

Hey now, you're a rock star, get the show on, get paid

All that glitters is gold

Only shooting stars break the mold

Only shooting stars break the mold

Somebody once asked could I spare some change for gas

I need to get myself away from this place

I said yep what a concept I could use a little fuel myself

And we could all use a little change

Well, the years start coming and they don't stop coming

Fed to the rules and I hit the ground running

Didn't make sense not to live for fun

Your brain gets smart but your head gets dumb

So much to do much to see

the third of the opening minor chord.

The Beatles - Hey Jude

Originally in F, I play in D capo 1

Hey Jude don't make it bad
Take a sad song and make it better
Remember to let her into your heart
Then you can start to make it better

Hey Jude don't be afraid
You were made to go out and get her
The minute you let her under your skin
Then you begin to make it better

And any time you feel the pain hey Jude refrain
Don't carry the world upon your shoulders
For well you know that it's a fool who plays it cool
By making his world a little colder

Na na na na na na na na

Hey Jude don't let me down
You have found her now go and get her
Remember to let her into your heart
Then you can start to make it better

So let it out and let it in hey Jude begin

Originally in F, I play in E capo 1.

Who knows how long I've loved you
You know I love you still
Will I wait a lonely lifetime
If you want me to I will

For if I ever saw you
I didn't catch your name
But it never really mattered
I will always feel the same

Love you forever and forever
Love you with all my heart
Love you whenever we're together
Love you when we're apart

And when at last I find you
Your song will fill the air
Sing it loud so I can hear you
Make it easy to be near you
For the things you do endear you to me
Ah, you know I will

The Beatles
The Beatles - Something

After the first 'I don't know' in each chorus, I do a descending A --> Ab --> G --> Gb --> F --> E. I also generally ignore all the slash chords on guitar.

And I play a measure or two of C before the 'intro' on guitar; that F always feels like a rocky start. Sometimes I just skip the 'intro'. When I play that riff on guitar, I try to be super-soft on the Eb.

Well it's alright, if you live the life you please
Well it's alright, doing the best you can
Well it's alright, as long as you lend a hand

You can sit around and wait for the phone to ring
Waiting for someone to tell you everything
Sit around and wonder what tomorrow will bring

Maybe a diamond ring
Well it's alright, even if they say you're wrong
Well it's alright, sometimes you gotta be strong
Well it's alright, as long as you got somewhere to lay
