C D  Em  C D

C         D          Em
Come out Virginia, don't let me wait
C         D          G
You Catholic girls start much too late
C         D          Em
But sooner or later it comes down to fate
C         D
I might as well be the one

C         D          Em
Well, they showed you a statue, told you to pray
C         D          G
They built you a temple and locked you away
C         D          Em
But they never told you the price that you pay
C         D
For things that you might have done

G
Only the good die young
C         D          G
That's what I said
G         C
Only the good die young
D         G
Only the good die young

C         D
You might have heard I run with a dangerous crowd

C         D          G
We ain't too pretty we ain't too proud
C         D          Em
We might be laughing a bit too loud
C         D
But that never hurt no one

C         D          Em
So come on Virginia show me a sign
C         D          G
Send up a signal I'll throw you a line

I'd rather laugh with the sinners than cry with the saints

The sinners are much more fun

Billy Joel - The Downeaster 'Alexa'

Originally in Am, I play in Em.
Sometimes I capo 2, the highest note is Bb in Am.
Mostly muted, be judicious with strumming.

Em

Vox start on I II III (B in G)

Well I'm on the Downeaster Alexa
And I'm cruising through Block Island Sound
I have charted a course to the Vineyard
But tonight I am Nantucket bound

We took on diesel back in Montauk yesterday
And left this morning from the bell in Gardiner's Bay
Like all the locals here I've had to sell my home
Too proud to leave I worked my fingers to the bone

So I could own my Downeaster Alexa
And I go where the ocean is deep
There are giants out there in the canyons
And a good captain can't fall asleep

I've got bills to pay and children who need clothes
I know there's fish out there but where God only knows
They say these waters aren't what they used to be

But I've got people back on land who count on me
So if you see my Downeaster Alexa
And if you work with the rod and the reel
Tell my wife I am trolling Atlantis
And I still have my hands on the wheel

Interlude, lots of ayyy-o and accordion noises

Now I drive my Downeaster Alexa
More and more miles from shore every year
Since they tell me I can't sell no stripers
And there's no luck in swordfishing here

I was a bayman like my father was before
Can't make a living as a bayman anymore
There ain't much future for a man who works the sea
But there ain't no island left for islanders like me

Ay-ay yo, oh

Dylan in Db, Adele in Bb, Garth Brooks in D
I play in D on piano, in C capo 2 on guitar
Starts with a quick V-->I, or do an instrumental verse

\[ \text{C} \quad \text{G/B} \]
When the rain is blowing in your face
\[ \text{Gm/Bb} \quad \text{F/A} \]
And the whole world is on your case
\[ \text{Fm/Ab} \quad \text{C/G} \]
I could offer you a warm embrace

When evening shadows and the stars appear

And there is no one there to dry your tears
\[ \text{Fm/Ab} \quad \text{C/G} \]
I could hold you for a million years
\[ \text{D9/F#} \quad \text{F/G} \quad \text{C} \]
To make you feel my love

\[ \text{F} \quad \text{C} \]
I know you haven't made your mind up yet
\[ \text{C+} \quad \text{F} \quad \text{C} \]
But I would never do you wrong
\[ \text{F} \quad \text{C} \]
I've known it from the moment that we met
\[ \text{Dm7} \quad \text{G} \]
No doubt in my mind where you belong

\[ \text{C} \quad \text{G/B} \]
I'd go hungry, I'd go black and blue
\[ \text{Gm/Bb} \quad \text{F/A} \]
I'd go crawling down the avenue
\[ \text{Fm/Ab} \quad \text{C/G} \]
Oh there's nothing that I wouldn't do

Bob Dylan - The Times They Are A-Changin'

Come gather 'round people
Wherever you roam
And admit that the waters
Around you have grown
And accept it that soon
You'll be drenched to the bone
If your time to you is worth savin'
Then you better start swimmin'
Or you'll sink like a stone
For the times they are a-changin'

Come writers and critics
Who prophesize with your pen
And keep your eyes wide
The chance won't come again
And don't speak too soon
For the wheel's still in spin
And there's no tellin' who that it'snamin'
For the loser now
Will be later to win
For the times they are a-changin'

Come senators, congressmen
Please heed the call
Don't stand in the doorway
Don't block up the hall
For he that gets hurt
Will be he who has stalled
There's a battle outside
And it's ravin'
It'll soon shake your windows
And rattle your walls
For the times they are a-changin'

Come mothers and fathers
Throughout the land
And don't criticize
What you can't understand
Your sons and your daughters
Are beyond your command
Your old road is rapidly agin'
Please get out of the new one
If you can't lend your hand
For the times they are a-changin'
The line it is drawn
The curse it is cast

Bob Seger - Turn The Page

I like to play this about 1.5x faster than the original, starting with the Em at the 7th fret with the open top string, then going to more like a low E5 in the second part of the verse. Changing positions keeps this fairly repetitive song from getting stale. Actually I try to use as many voicings with the open high E string as I can.

Em  D  Em  Em

Em
On a long and lonesome highway east of Omaha
D
You can listen to the engine, moanin' out its one note song
A
You can think about the woman, or the girl you knew the night before
Em
And your thoughts will soon be wandering the way they always do
D
When you're riding sixteen hours and there's nothing much to do
A
You don't feel much like writing, you just wish the Em trip was through

D  Em
But here I am, on the road again
D  Em
Here I am, up on stage
D  A
Here I go, playing the star again
C  D  Em
There I go, turn the page

Quiet, let chords ring...

Em
Out there in the spotlight, you're a million miles away
D
Every ounce of energy you try to give away
A
And the sweat pours out your body like the music Em that you play
Em
Later on that evening, as you lie awake in bed
D
The echoes of the amplifiers ringin' in your head
A
And you smoke the day's last cigarette, remembering what she said

D  Em
But here I am, on the road again

Bob Seger
Here I am, up on stage
Here I go, playing the star again
There I go, turn the page

Now getting loud again...

But here I am, on the road again
Here I am, up on stage
Here I go, playing the star again
There I go, there I go

Britney Spears - Oops!...I Did It Again

I cry, watching the days
Can't you see I'm a fool in so many ways

I made you believe we were more than just friends (oh baby)

It might seem like a crush
But it doesn't mean that I'm serious

'Cause to lose all my senses
That is just so typically me
Oh baby, baby

Oops I did it again
I played with your heart
Got lost in the game
Oh baby, baby

Oops you think I'm in love
That I'm sent from above
I'm not that innocent

Britney, before you go
There's something I want you to have
Oh, it's beautiful, but wait a minute, isn't this...?
Yeah, yes it is

But I thought the old lady dropped it
Into the ocean in the end
Well baby, I went down and got it for you
Oh, you shouldn't have

You see my problem is this
I'm dreaming away
Wishing that heroes, they truly exist

Tonight

Bridge, quiet again
Some silicone sister with her manager's mister
told me I got what it takes
She said, "I'll turn you on sonny, to something
strong if you'll play that song with the funky
And Go-cart Mozart was checkin' out the weather
chart to see if it was safe to go outside
And little Early-Pearly came by in her curly-wurly
and asked me if I needed a ride

"Do what you like, but don't do it here"
Well, I jumped up, turned around, spit in the air,
fell on the ground, asked him which was the way
back home
He said, "Take a right at the light, keep goin' straight until night, and then, boys, you're on your own"

And now in Zanzibar a shootin' star was ridin' in a side car hummin' a lunar tune
Yes, and the avatar said, "Blow the bar but first remove the cookie jar
We're gonna teach those boys to laugh too soon"

A screen door slams, Mary’s dress waves

Like a vision she dances across the porch as the radio plays

Roy Orbison singing for the lonely

Hey that’s me and I want you only

Don’t turn me home again, I just can’t face myself alone again

Don’t run back inside, darlin’, you know just what I’m here for

So you’re scared and you’re thinking that

Maybe we ain’t that young any more

Show a little faith, there’s magic in the night

You ain’t a beauty but hey you’re all right

Oh and that’s alright with me

You can hide beneath your covers and study your pain

Make crosses from your lovers, throw roses in the rain

Waste your summer praying in vain for a Savior to rise from these streets

Bruce Springsteen

Well now I’m no hero that’s understood

All the redemption I can offer girl is beneath this dirty hood

With a chance to make it good somehow hey

What else can we do now except

Roll down the window and let the wind blow back your hair

Well the night’s busting open these

Two lanes can take us anywhere

We got one last chance to make it real

To trade in these wings on some wheels

Climb in back, heaven’s waiting down on the tracks

Oh come take my hand

We’re ridin’ out tonight to case the promised land

Oh oh thunder Road, oh thunder road, oh thunder road

Lyin’ out there like a killer in the sun

Hey I know it’s late, we can make it if we run

Oh oh thunder road, sit tight, take hold, thunder road

Well I got this guitar and I learned how to make it talk

And my car’s out back if you’re ready to take that long walk

Buddy Holly - That'll Be The Day

Starts with a little riff in A blues (I usually make it A major) into an E7

\[ D \]
Well, that'll be the day, when you say goodbye
\[ A \]
Yes, that'll be the day, when you make me cry

\[ D \]
You say you're gonna leave, you know it's a lie

Hard stop on "that'll"

\[ A \quad E7 \quad A \]
'Cause that'll be the day when I die

\[ D \]
Well, you give me all your loving and your turtle doving

\[ D \quad A \]
All your hugs and kisses and your money too

\[ D \quad A \]
Well, you know you love me baby, until you tell me, maybe

\[ B \quad E7 \]
That some day, well I'll be blue

\[ D \]
Well, that'll be the day, when you say goodbye
\[ A \]
Yes, that'll be the day, when you make me cry

\[ D \]
You say you're gonna leave, you know it's a lie

\[ A \quad E7 \quad A \]
'Cause that'll be the day when I die

\[ D \]
Well, when Cupid shot his dart he shot it at your heart

\[ D \quad A \]
So if we ever part and I leave you

\[ D \quad A \]
You sit and hold me and you tell me boldly

\[ B \quad E7 \]
That some day, well I'll be blue

\[ D \]
Well, that'll be the day, when you say goodbye
\[ A \]
Yes, that'll be the day, when you make me cry

**Verse 1**

*D*
I am a little bear

**G**
So cute with fuzzy hair

**D**
Once upon a time I was so nice

**D7**
Now I'm loved and hugged no more

**G/B Gm/Bb**
And I'm stuck here at this store

**D A D G D**
And nine ninety-nine is my new price

**D**
I used to hang around

In a high-rise apartment oh so fancy

But I lost my button eye

**G/B Gm/Bb**
And began to slowly die

**D A D G D**
And now it's up to you to bring me mercy

Then you can fix me

**D D7**
I'm torn, old, and pale

**G/B Gm/Bb**
And I am for sale

**D A D G D**
What I need is for someone to pick me

**D**
I was put out with the trash

**Chorus**

**G**
With the fireplace ash

**D**
Torn dirty and clean out of luck

**D7**
But the garbage men were kind

**G/B Gm/Bb**
And they sewed up my behind

**D A D G D**
And put me on the grill of their truck

**D**
I lived there for a year

**G**
And shed so many tears

**D A**
'Til one day I fell underneath the tires

**D D7**
Now the only single way

**G/B Gm/Bb**
I'll go home with you today

Dan Morris - Another Thanks I'm Doing Fine

Remembering a night on the town

And as I fall asleep at the station

On a train that's pulling away

I'm humming along with the engines

A beautiful end to a beautiful day

'Cause I don't want to change your life

And you don't want to ruin mine

So let's do what we both know is right

And save this for another time

Another thanks I'm doing fine

Solo

Another empty sheet hung on a line

Another misdemeanor crime

Another thanks I'm doing fine

Disney - Let it Go

Originally in Ab, written here in G.

I play capo 3 (so in Bb), and sing the verse *above* the original, so I can drop down for the pre-chorus and chorus.

Start quiet, barely strumming

\[ \text{Em} \quad \text{C} \quad \text{D} \quad \text{Amsus4} \quad \text{Am} \]
\[ \text{Em} \quad \text{C} \quad \text{D} \quad \text{Asus4} \quad \text{A} \]

Vox on the 5 (B)

\[ \text{Em} \quad \text{Cadd9} \]

The snow glows white on the mountain tonight

\[ \text{D} \quad \text{Am} \]

Not a footprint to be seen

\[ \text{Em} \quad \text{Cadd9} \quad \text{D} \]

A kingdom of isolation, and it looks like I'm the queen

On "howling", only go up to the 1 of the chord, not the 5

\[ \text{Em} \quad \text{C} \quad \text{D} \quad \text{Amsus4} \quad \text{Am} \]

The wind is howling like this swirling storm inside

\[ \text{Em} \quad \text{D} \quad \text{A} \]

Couldn't keep it in, heaven knows I've tried

Start to fade strumming in

Vox down to the 5 of the chord (A if the chord is D)

\[ \text{D} \quad \text{C} \]

Don't let them in, don't let them see

\[ \text{D} \]

Be the good girl you always have to be

\[ \text{C} \]

Conceal, don't feel, don't let them know

\[ \text{C} \]

Well now they know

\[ \text{G} \quad \text{D} \]

Let it go, let it go

\[ \text{Em} \quad \text{C} \]

Can't hold it back any more

\[ \text{G} \quad \text{D} \]

Let it go, let it go

\[ \text{Em} \quad \text{C} \]

Turn away and slam the door

\[ \text{G} \quad \text{D} \]

I don't care

\[ \text{Em} \quad \text{C} \]

What they're going to say

\[ \text{Bm} \quad \text{Bb} \]

Let the storm rage on

\[ \text{C} \]

The cold never bothered me anyway

\[ \text{G} \quad \text{D} \]

\[ \text{Em} \quad \text{C} \]

It's funny how some distance

\[ \text{D} \quad \text{Am} \]

Makes everything seem small

Start going down here, to the 5 of the chord on "fears",

down to the 5 of the chord on "get"

\[ \text{Em} \quad \text{D} \]

And the fears that once controlled me

\[ \text{A} \]

Can't get to me at all

\[ \text{D} \times 2 \quad \text{C} \]

It's time to see what I can do

\[ \text{D} \]

To test the limits and break through

\[ \text{C} \]

No right, no wrong, no rules for me

\[ \text{C} \]

I'm free

\[ \text{G} \times 2 \quad \text{D} \]

Let it go, let it go

\[ \text{Em} \quad \text{C} \]

I am one with the wind and sky

\[ \text{G} \quad \text{D} \]

Let it go, let it go

\[ \text{Em} \quad \text{C} \]

You'll never see me cry

\[ \text{G} \times 2 \quad \text{D} \]

Here I stand

\[ \text{Em} \quad \text{C} \]

And here I stay

\[ \text{Bm} \quad \text{Bb} \]

Let the storm rage on

\[ \text{Bpm} \quad \text{Bbm} \]

Bridge

\[ \text{C} \]

My power flurries through the air into the ground
My soul is spiraling in frozen fractals all around
And one thought crystallizes like an icy blast

I'm never going back
The past is in the past

Let it go, let it go
When I'll rise like the break of dawn
Let it go, let it go
That perfect girl is gone

Here I stand in the light of day
Let the storm rage on
The cold never bothered me anyway

Again, never more to be alone
D G
When the letter says a soldier's coming home
G

Solo on verse chords if appropriate
One Friday night at a football game
The lord's prayer said and the anthem sang
And a man said folks would you bow your head
For a list of local Vietnam dead

Crying all alone under the stand
Was a piccolo player in the marching band
And one name read and nobody really cared
But a pretty little girl with a bow in her hair

I cried
Never gonna hold the hand of another
Guy, too young for him they told her
Waiting for the love of a travelin' soldier
Our love will never end
Waiting for the soldier to come back
Again, never more to be alone
When the letter says a soldier's coming home

I cried
Never gonna hold the hand of another
Guy, too young for him they told her
Waiting for the love of a travelin' soldier
Our love will never end
Waiting for the soldier to come back

Em A7 D

Don McLean
I saw Satan laughing with delight
The day the music died
He was singin'

Bye, bye Miss American Pie
Drove my Chevy to the levy but the levy was dry
And good old boys were drinkin' whiskey and rye
Singin' this'll be the day that I die
This'll be the day that I die

I met a girl who sang the blues
And I asked her for some happy news
But she just smiled and turned away
I went down to the sacred store
Where I'd heard the music years before
But the man there said the music
Wouldn't play

But in the streets the children screamed
The lovers cried and the poets dreamed
But not a word was spoken
The church bells all were broken
And the three men I admire most
The Father, Son, and the Holy Ghost
They caught the last train for the coast
The day the music died

Elvis Presley - Fever

Often played in Am, I play in Em capo 3. Note the vocals ride mostly on IV in this key, i.e. the A in Em.

Crazy chromatic key changes are also common, but I skip that when doing it acoustic. This is fun to do with just bass and vox, in which I case I go up a half-step after every chorus.

Em
Never know how much I love you
D  B7    Em
Never know how much I care
Em
When you put your arms around me
B7    Em
I get a fever that's so hard to bear

Em C
You give me fever, when you kiss me
D    Em
Fever when you hold me tight
Em    C
Fever, in the morning
B7    Em
Fever all through the night

Em
Sun lights up the daytime
D  B7    Em
Moon lights up the night
Em
I light up when you call my name
B7    Em
And you know I'm gonna treat you right

Em C
You give me fever, when you kiss me
D    Em
Fever when you hold me tight
Em    C
Fever, in the morning
B7    Em
Fever all through the night

Em
Ev'rybody's got the fever
D  B7    Em
That is something you all know

Em
Fever isn't such a new thing
B7    Em
Fever started long ago

Em
Romeo loved Juliet
D  B7    Em
Juliet she felt the same
Em
When he put his arms around her, he said
B7    Em
Julie, baby, you're my flame

Em C
Thou givest fever, when we kisseth
D    Em
Fever when thy flaming youth
Em    C
Fever I'm afire
B7    Em
Fever, yea I burn forsooth

Em

D  B7    Em
Had a very mad affair
Em
When her Daddy tried to kill him, she said

Em C
He gives me fever, with his kisses

Fever when he holds me tight
Em    C
Fever, I'm his missus
B7    Em
Oh daddy won't you treat him right

Evita - Don't Cry For Me Argentina

This follows the Me First and the Gimme Gimmes arrangement.
I pretty much play this as straight 8ths, punk-style, maybe opening up a little in the chorus

D Cadd9 G/B Cadd9 G

It won't be easy, you'll think it strange
When I try to explain how I feel
That I still need your love after all that I've done

Em
You won't believe me
A7
All you will see is a girl you once knew
A7
Although she is dressed to the nines
D
At sixes and sevens with you

D Cadd9 G/B Cadd9 G

I had to let it happen, I had to change
Couldn't stay all my life down at heel
Looking out of the window, staying out of the sun

Em
So I chose freedom
A7
Running around, trying everything new
A7
But nothing impressed me at all
D
I never expected it to

D Cadd9 G/B Cadd9

Don't cry for me Argentina
The truth is I never left you
D
All through my wild days
Cadd9
My mad existence
G
I kept my promise
Cadd9
Don't keep your distance (let ring)

G C
And as for fortune, and as for fame
D
I never invited them in
G
Though it seemed to the world they were all I desired

Em
They are illusions
A7
They are not the solutions they promised to be
A7
The answer was here all the time
D
I love you and hope you love me

D Cadd9 G/B Cadd9

Don't cry for me Argentina
D
The truth is I never left you
D
All through my wild days
Cadd9
My mad existence
G
I kept my promise
Cadd9
Don't keep your distance (let ring)

Am D
Have I said too much?
G D/F# Em
There's nothing more I can think of to say to you

But all you gotta do is look at me to know

G D/F# C
That every word is true

Papa drove a truck nearly all his life

You know it drove mama crazy being a trucker's wife

B7
The part she couldn't handle was the being alone

Originally somewhere between B and C, I play in A

Intro, skip the whole organ bit

Guitar only, just one measure in original, but wait for vox

Bass and drums enter when vox come in, drums still pretty sparse

Well I guess it would be nice if I could touch your body

I know not everybody has got a body like you

But I've got to think twice before I give my heart away

Drums ramping in

Oh but I need some time off from that emotion

Time to pick my heart up off the floor

And when that love comes down without devotion

Hard stop on 'door'

Heart - Alone

The original starts in Bbm. For a male voice this works okay with the chorus an octave down. For a human (i.e., non-Heart) female, Gm is somewhat reasonable, so I play it in Em, capo 3. A dude singing in Em works pretty well too. If feeling less-than-great in Em, don't go up to "got by" (which is a G), just stay on the E. Similarly, sing the "how do i get you alone?" on E,F,E--D instead of G,F,E--D.

Jimmy Buffett
Joan Baez - Diamonds and Rust

This is adapted loosely from the Judas Priest version. The originals are in Em, I play in Em capo 5. As a duet, I sing a 3rd below the lead and play in Em. The songs is a dirge, so I follow the Priest version, which is a rocking metal gallop.

Play long riff if not rocking

Em  C
Well I'll be damned here comes your ghost again
G  D
But that's not unusual it's just that the moon is full

Em
And you happened to call

Em  C
And here I sit hand on the telephone
G  D
I'm hearing a voice I'd known a couple of light years ago

Em
Heading straight for a fall

C  D
Well we both know what memories can bring
Em
They bring diamonds and rust

C  D
Well we both know what memories can bring
Em
They bring diamonds and rust
Well we both know what memories can bring
They bring diamonds and rust

Now I see you standing with brown leaves falling all around
And snow in your hair
Now you're smiling out of the window of that crummy hotel
Over Washington Square

Our breath comes out of white clouds
Mingles and hangs in the air
Speaking strictly for me
We both could have died then and there
Play long riff if not rocking

Now you're telling me you're not nostalgic
Then give me another word for it you who are so good with words
And at keeping things vague

'Cause I need some of that vagueness now
It's all come back too clearly
Yes I loved you dearly, and if you're offering diamonds and rust
I've already paid

No hell below us
Above us only sky
Imagine all the people
Living for today
Imagine there's no countries
It isn't hard to do
Nothing to kill or die for
And no religion too
Imagine all the people
Living life in peace
You may say that I'm a dreamer
But I'm not the only one
I hope someday you'll join us
And the world will live as one

Imagine no possessions
I wonder if you can
No need for greed or hunger
A brotherhood of man

I play the intro roughly as follows, leaving the second line on the m(7, not 9) to make the transition easier. Also not hitting the high string on that last chord will make the transition sound smoother.

Kenny Rogers - The Gambler

Originally in E, I play in D capo 2

D G
On a warm summer's evenin' on a train bound for
D nowhere

G D
I met up with the gambler, we were both too
A tired to sleep

D G
So we took turns a-starin' out the window at the
D darkness

G D A D
Till boredom overtook us, and he began to speak

D G
He said, son, I've made a life out of readin'
D people's faces

G D
And knowin' what their cards were by the way
A they held their eyes

D G
And if you don't mind my sayin', I can see you're
D out of aces

G D A
For a taste of your whiskey I'll give you some
D advice

D G
So I handed him my bottle and he drank down my
D last swallow

G D
Then he bummed a cigarette and asked me for a
A light

D G
And the night got deathly quiet, and his face lost
D all expression

Kenny Rogers

Said, if you're gonna play the game, boy, ya gotta
A D learn to play it right

D G
You got to know when to hold 'em, know when to
D fold 'em

G D A
Know when to walk away and know when to run
D A D G
You never count your money when you're sittin'
D at the table

G D A
There'll be time enough for countin' when the
D dealin's done

Key change

E A E Ev'ry gambler knows that the secret to survivin'
A E Is knowin' what to throw away and knowing what
B to keep

E A
'Cause ev'ry hand's a winner and ev'ry hand's a
E loser

A E B
And the best that you can hope for is to die in
E your sleep

E A
And when he'd finished speakin', he turned back
E towards the window

B
Crushed out his cigarette and faded off to sleep
E A
And somewhere in the darkness the gambler, he
E broke even
But in his final words I found an ace that I could keep

You got to know when to hold 'em, know when to fold 'em

Know when to walk away and know when to run

You never count your money when you're sittin' at the table

There'll be time enough for countin' when the dealin's done

You got to know when to hold 'em, know when to fold 'em

Know when to walk away and know when to run

You never count your money when you're sittin' at the table

You don't need diamond rings
Or eighteen karat gold
Fancy cars that go very fast
You know they never last, no, no
What you need is a big strong hand
To lift you to your higher ground
Make you feel like a queen on a throne
Make him love you till you can't come down

Don't go for second best baby
Put your love to the test
You know, you know, you've got to
Make him express how he feels
And maybe then you'll know your love is real

Long stem roses are the way to your heart
But he needs to start with your head
Satin sheets are very romantic
Think about the love he once had
Try to carry on, but he just won't get it
He'll be back on his knees to express himself

Put your love to the test
You know, you know, you've got to
Make him express how he feels
And maybe then you'll know your love is real

You deserve the best in life
So if the time isn't right then move on
Second best is never enough
You'll do much better baby on your own

Michael Jackson - Thriller

Originally in C#m, I play in Am
Be sure to work out the melody ahead of time for the chorus and bridge

Am7 D7
The original does i --> IV for the first half of each verse, I'm following an arrangement that's IV --> i the whole verse.

D7
It's close to midnight and something evil's lurking in the dark

D7
Under the moonlight you see a sight that almost stops your heart

D7
You try to scream but terror takes the sound before you make it

D7
You start to freeze as horror looks you right between the eyes

C
You're paralyzed

Vox on 1 7 on "thriller", can also do 7 5 or #6 5
'Cause this is thriller, thriller night

D7
And no one's gonna save you from the beast about to strike

D7
You know it's thriller, thriller night

D7
You're fighting for your life inside a killer, thriller, tonight

Am
Vox up to the 5 of the first chord
Can also do 3 2 1 on the first chord on "night creatures"

D7
Night creatures call and the dead start to walk in their masquerade

D7
You're out to get you there's demons closing in on every side

Am7
They're out to get you there's demons closing in Am7

They will possess you unless you change the number on your dial

Now is the time for you and I to cuddle close together

All through the night I'll save you from the terror on the screen

I'll make you see

That this is thriller, thriller night

'Cause I can thrill you more than any ghost would ever dare try

Thriller, thriller night

So let me hold you tight and share a killer, thriller, ow!

I'm gonna thrill you tonight

End on "thill you tonight", or keep going if appropriate...

Darkness falls across the land the midnight hour is close at hand
Creatures crawl in search of blood to terrorize y'all's neighborhood
And whosoever shall be found without the soul for getting down
Must stand and face the hounds of hell and rot inside a corpse's shell
The foulest stench is in the air the funk of forty thousand years
And grizzy ghouls from every tomb are closing in to seal your doom
And though you fight to stay alive your body starts to shiver
If I play in G, which sounds better on guitar, I go down an octave for the chorus. Or I play in E, which sounds better for my voice, and go up to the chorus (which is a monster of E, but worth it.

In E, it's lots of open pentatonic minor, and E D A D (i.e., ignore all the slash chords and add9's). And start slooooow, the chorus is a lot of words.

You are my sunshine, my only sunshine,
You make me happy when skies are grey,

The other night, dear, as I lay sleeping,
I dreamed I held you in my arms,
When I awoke, dear, I was mistaken,
So I hung my head and cried.

You are my sunshine, my only sunshine,
You make me happy when skies are gray,
You'll never know, dear, how much I love you,
Please don't take my sunshine away.

I've always loved you and made you happy,

Tricky vox here: "why" is the 7 of the first chord

Fsus2 Am

Why be alone when we can be together baby?

Vox goes up a half-step from "baby", to the 2 of this chord on "you", then down to 1 (can) #7 (my) 6 "worth"

That we’ve been together
I need the other one to hold you
Make you feel, make you feel better

Can’t deny, can’t deny you’re worth it

Loud
I should be over all the butterflies
I’m into you, I’m into you
And baby even on our worst nights

Cause I don’t really need to wonder at all
Yeah after all this time

I dig rock and roll music and I'd
Love to get the chance to play (and sing it)
I figure it's about the happiest
Sound going down today

The message may not move me
Or mean a great deal to me
But hey, it feels so groovy to say

I dig the Mamas and the Papas at
"The Trip," Sunset Strip in L.A.
And they got a good thing going
When the words don't get in the way

And when they're really wailing
Michelle and Cass are sailing
Hey, they really
Nail me to the wall

I dig Donovan in a dream-like, tripped out way
His crystal images tell you 'bout a brighter day

And when the Beatles tell you
They've got a word "love" to sell you
They mean exactly what they say

I dig rock and roll music
I could really get it on in that scene

Peter, Paul, and Mary - This Land is Your Land

PPM play this in A, I play in G capo 1.

This land is your land, this land is my land
From California to the New York island
From the redwood forests to the Gulf Stream
This land was made for you and me

As I was walking that ribbon of highway
I saw above me, that endless skyway
I saw below me, the golden valley
This land was made for you and me

This land is your land, this land is my land
From California to the New York island
From the redwood forests to the Gulf Stream
This land was made for you and me

This land is your land, this land is my land
From California to the New York island
From the redwood forests to the Gulf Stream
This land was made for you and me

This land is your land, this land is my land
From California to the New York island
From the redwood forests to the Gulf Stream
This land was made for you and me

As the sun was shining, and I was strolling
Through the wheat fields waving and the dust clouds rolling
I could feel inside me and see all around me
This land was made for you and me

This land is your land, this land is my land
From California to the New York island
From the redwood forests to the Gulf Stream
This land was made for you and me

This land is your land, this land is my land
From California to the New York island
From the redwood forests to the Gulf Stream
This land was made for you and me

I roamed and rambled, and followed my footsteps
Through the sparkling sands of her diamond deserts
And all around me this voice kept saying
This land was made for you and me

Sara Bareilles - Brave

Sara Bareilles
Savatage - All That I Bleed

Originally in Bb, I play in G.
This is really low in the verse, but this song is
all about the second chorus, which sits on the 1
and goes up to the 2, so totally worth the low verse.

\[G\, D\, C\, D\]
\[\times\, 2\]

\[G\, D\, C\, D\]
Someone got themselves a letter
\[G\, D\, C\, D\]
In the mail the other day
\[G\, D\, C\, D\]
It's already worn and tattered
\[G\, D\, C\, D\]
And I guess it gives away

\[Am\, \quad G\]
All the things we keep inside
\[Am\, \quad D\]
All the things that really matter
\[Am\, \quad G\]
The face puts on its best disguise
\[Am\, \quad D\, \quad G\]
And all is well until the heart betrays

\[G\, D\, C\, D\]
\[\times\, 2\]

\[G\, D\, C\, D\]
She knows as she reads the letter that
\[G\, D\, C\, D\]
Things were bound to stray
\[G\, D\, C\, D\]
The wind blows, she pulls her coat tighter
\[G\, D\, C\, D\]
And the letter flies away

\[Am\, \quad G\]
With all the things she keeps inside
\[Am\, \quad D\]
All the things that really matter
\[Am\, \quad G\]
The face puts on its best disguise
\[Am\, \quad D\, \quad G\]
And all is well until the heart betrays

\[G\, \quad Em\, \quad C\, \quad D\]
\[\times\, 2\]

\[G\, \quad C\]
Lord bring on the night
\[G\, \quad D\]
Wrap it all around me
\[G\, \quad C\]
Let it hold me tight
\[G\, \quad D\]
Soak up all that I bleed

\[G\, \quad C\, \quad D\]
Lord bring on the night
\[G\, \quad D\]
Wrap it all around me
\[G\, \quad C\]
Let it hold me tight
\[G\, \quad D\]
Soak up all that I bleed

\[G\, \quad C\, \quad D\]
And I'll fly away
\[G\, \quad C\, \quad D\]
Yea I'll fly away
\[G\, \quad C\, \quad D\]
Lord I'll fly away, watch me

Raging solo with *lots* of fast triplets...

\[G\, \quad C\]
Lord bring on the night
\[G\, \quad D\]
Wrap it all around me
\[G\, \quad C\]
Let it hold me tight
Hanging stop on "bleed"
\[G\, \quad D\]
Soak up all that I bleed

\[G\, \quad I\, \quad bleed\]
\[G\, \quad D\, \quad C\, \quad D\]

Somebody once told me the world is gonna roll me
I ain't the sharpest tool in the shed
She was looking kind of dumb with her finger and her thumb
In the shape of an "L" on her forehead

Well, the years start coming and they don't stop coming
Fed to the rules and I hit the ground running
Didn't make sense not to live for fun
Your brain gets smart but your head gets dumb

So much to do much to see
So what's wrong with taking the back streets
You'll never know if you don't go
You'll never shine if you don't glow

\[Vox\ on\ the\ 4\]

Looking in your eyes I see a paradise

This world that I’ve found

Is too good to be true

Standing here beside you

Want so much to give you

This love in my heart that I’m feeling for you

Let ‘em say we’re crazy, what do they know?

Put your arms around me baby don’t ever let go

Let the world around us just fall apart

Baby we can make it if we’re heart to heart

And we can build this dream together

Standing strong forever

Nothing’s gonna stop us now

And if this world runs out of lovers

We’ll still have each other

No "now" at the end of this line

Nothing’s gonna stop us, nothing’s gonna stop us

Ooh, all that I need is you

All that I ever need

And all that I want to do

Original changes a half-step here, I do a whole step for playability

Is hold you forever, for ever and ever, hey!

Originally in G, I play in G and sing down an octave.

Vox go from the low 1 up to the 5 1.5 octaves above, so I don't go down all the way on the chorus.

Intro percussion only, though playing the root helps find the first vocal line.

About the liars and dirty, dirty cheats of the world
You could've been gettin' down to this sick beat

Originally in C, I play in A.
I do the opening chorus super slow, then break into a syncopated triplet beat.
The first vocal note is the root (C in C),
so the first 'love' is the 5 above that (G in C), i.e.
the third of the opening minor chord.

The Beatles
The Beatles - Help!

G is a poor approximation of the chromatic run at the end of the chorus, so if no one is playing the run, best not to sing over it.

Bm   Bm/A
Help! I need somebody
G   G/F#
Help! Not just anybody
E
Help! You know I need someone
G
Help!

A   C#m
When I was younger, so much younger than today
F#m   D   G   A

The Beatles - If I Fell

Vocal note: starts on F#

\[
\text{Ebm}
\]

If I fell in love with you

\[
\text{D}
\]

Would you promise to be true

\[
\text{Db} \quad \text{Bbm}
\]

And help me understand

\[
\text{Ebm}
\]

'Cause I've been in love before

\[
\text{D}
\]

And found that love is more

\[
\text{Em7} \quad \text{A}
\]

Than just holding hands

The vox on the second chord are the high point, so I delay that syllable a half-beat when solo.

\[
\text{D} \quad \text{Em7} \quad \text{F#m7} \quad \text{Em7}
\]

If I give my heart to you

\[
\text{A}
\]

I must be sure from the

\[
\text{D} \quad \text{Em7} \quad \text{F#m7} \quad \text{Em}
\]

Very start that you would

\[
\text{A} \quad \text{D} \quad \text{Gm7} \quad \text{A}
\]

Love me more than her

\[
\text{D} \quad \text{Em7} \quad \text{F#m7} \quad \text{Em}
\]

If I trust in you, oh please don't

\[
\text{A}
\]

Run and hide

\[
\text{D} \quad \text{Em7} \quad \text{F#m7} \quad \text{Em7}
\]

If I love you too, oh please, don't

\[
\text{A} \quad \text{D9}
\]

Hurt my pride like her

\[
\text{G}
\]

'Cause I couldn't stand the pain

\[
\text{Gm7} \quad \text{D} \quad \text{A7}
\]

And I would be sad if our new love was in vain

\[
\text{D} \quad \text{Em7} \quad \text{F#m7}
\]

So I hope you'll see

\[
\text{Em7} \quad \text{A}
\]

That I would love to love you

\[
\text{D} \quad \text{Em7} \quad \text{F#m7} \quad \text{Em7}
\]

And that she will cry

\[
\text{A} \quad \text{D}
\]

When she learns we are two

\[
\text{Gm7} \quad \text{D} \quad \text{Gm7} \quad \text{D}
\]

If I fell in love with you

And Molly says this as she takes him by the hand

Desmond takes a trolley to the jeweller's store
Buys a twenty carat golden ring
Takes it back to Molly, waiting at the door
And as he gives it to her she begins to sing

His rival it seems had broken his dreams
G7 C C/B
By stealing the girl of his fancy

But everyone knew her as Nancy

Am7 Dsus4 D7
Now she and her man who called himself Dan

The Beatles
She came in through the bathroom window

Protected by a silver spoon

But now she sucks her thumb and wonders

By the banks of her own lagoon

Resist the temptation to go way up here, vox only

go up a major third from "lagoon" to here

Didn't anybody tell her?

Didn't anybody see?

Sunday's on the phone to Monday

Tuesday's on the phone to me

She said she'd always been a dancer

She worked in fifteen clubs a day

And though she thought I knew the answer

Well, I knew but I could not say

And so I quit the police department

And got myself a steady job

And though she tried her best to help me

She could steal but she could not rob

Didn't anybody tell her?

Didn't anybody see?
The Beatles - She Loves You

I play the chorus with tight hits on "loves you" and straight-8th downbeats.

Originally in G, I play in E.

The Beatles - Something

After the first 'I don't know' in each chorus,
I do a descending A --> Ab --> G --> Gb --> F --> E
I also generally ignore all the slash chords on guitar.

And I play a measure or two of C before the 'intro'
on guitar; that F always feels like a rocky start.
Sometimes I just skip the 'intro'. When I play
that riff on guitar, I try to be super-soft on the Eb.

The Beatles - This Boy

Harmonies on the 3, 5, 7; solo I sing the 3
That boy took my love away
Oh, he'll regret it someday
Hang on "this" and "wants"
But this boy wants you back again

That boy isn't good for you
Though he may want you too
Hang on "this" and "wants"
This boy wants you back again

Oh, and this boy, would be happy
Just to love you, but oh my
That boy won't be happy
Till he's seen you cry

This boy wouldn't mind the pain
Would always feel the same
If this boy, gets you back again

This boy
This boy

The Eagles - Hotel California

Originally in Bm, I play in Am

Am          E
On a dark desert highway, cool wind in my hair
G          D
Warm smell of colitas, rising up through the air
F          C
Up ahead in the distance, I saw a shimmering light

Dm
My head grew heavy and my sight grew dim
E
I had to stop for the night

Am          E
There she stood in the doorway, I heard the mission bell

G
And I was thinking to myself
D
This could be heaven or this could be hell
F          C
Then she lit up a candle and she showed me the way

Dm
There were voices down the corridor
E
I thought I heard them say

F          C
Welcome to the Hotel California
Dm
Such a lovely place
Am
Such a lovely face
F          C
Plenty of room at the Hotel California
Dm          E
Any time of year, you can find it here

Am          E
Her mind is Tiffany-twisted, she got the Mercedes bends
G          D
She got a lot of pretty, pretty boys, that she calls friends

F
How they dance in the courtyard, sweet summer sweat

Dm          E
Some dance to remember, some dance to forget

Am
So I called up the captain
E
Please bring me my wine
G
He said, we haven't had that spirit here since nineteen sixty-nine

F          C
And still those voices are calling from far away
Dm
Wake you up in the middle of the night
E
Just to hear them say

F          C
Welcome to the Hotel California
Dm
Such a lovely place
Am
Such a lovely face
F          C
We're livin' it up at the Hotel California
Dm          E
What a nice surprise, bring your alibis

Let ring
Am
Mirrors on the ceiling
E
Pink champagne on ice
G          D
And she said we are all just prisoners here, of our own device

F
And in the master's chambers
C
They are gathered for the feast
Dm
They stab it with their steely knives
E
But they just can't kill the beast
The Eagles - Hotel California

Twice as cloudy as I'd been the night before

And I went in seeking clarity

I went to the doctor, I went to the mountains

I looked to the children, I drank from the fountain

We go to the doctor, we go to the mountains

We look to the children, we drink from the fountain

We go to the bible, we go through the workout

Let ring on "stand up" and "lookout"

We read up on revival and we stand up for the lookout

There's more than one answer to these questions

Pointing me in a crooked line

The less I seek my source for some definitive

The closer I am to fine

The closer I am to fine

The closer I am to fine

U2 - With or Without You
Van Halen - Dreams

Originally in C, I play in C an octave down, and it's *still* a little too high. Insane.

Start with a slow approximation of the intro riff
Cadd9  F  Am  G
Fsus2  Am7
Csus4  C  Csus2

Now fast, with excessive suspensions
I play only one of these, or play both but double-time
C  C/E  F  G

Am  F6
World turns black and white

And in the end on dreams we will depend
