Abba - Mamma Mia

I've been cheated by you since I don't know when
So I made up my mind it must come to an end
Look at me now, will I ever learn?
I don't know how, but I suddenly lose control
There's a fire within my soul
Just one look and I can hear a bell ring
One more look and I forget everything

Mamma mia, here I go again
My my, how can I resist you?
Mamma mia, does it show again?
My my, just how much I've missed you

Yes, I've been broken-hearted
Blue since the day we parted
Why, why did I ever let you go?
Mamma mia, even if I say
Bye bye, leave me now or never
Mamma mia, here I go again
My my, how can I resist you?
Mamma mia, does it show again?
My my, just how much I missed you

A

Big and Rich
And I was going, just about as far as she'd let me go

Spoken, with harmony the high octave

But her evaluation

Of my cowboy reputation

Had me begging for salvation

All night long

So I took her out giggin' frogs

Introduced her to my old bird dog

And sang her every Willie Nelson song I could think of

And we made love

And I saddle up my horse

And I ride into the city

I make a lot of noise

'Cause the girls they are so pretty

Riding up and down Broadway

On my old stud Leroy

And the girls say --> save a horse, ride a cowboy

Everybody says --> save a horse, ride a cowboy

What? What? --> Save a horse, ride a cowboy

Or was more of a hit at the Parkway Diner

Oh oh, oh oh, oh oh oh
Oh oh, oh oh, oh oh oh

Brenda and Eddie were still going steady in the
summer of seventy five
When they decided the marriage would be at the
end of July
Everyone said they were crazy
Brenda you know that you’re much too lazy
And Eddie could never afford to live that kind of
life

Oh, but there we were waving Brenda and Eddie
goodbye

Oh oh, oh oh, oh oh oh
Well, they got an apartment with deep pile
carpets
And a couple of paintings from Sears
A big waterbed that they bought with the bread

They had saved for a couple of years
They started to fight when the money got tight
And they just didn’t count on the tears

Well, they lived for a while in a very nice style
But it’s always the same in the end
They got a divorce as a matter of course
And they parted the closest of friends
Then the king and the queen went back to the
green
But you can never go back there again, oh oh, oh

Brenda and Eddie had had it already by the
summer of seventy five
From the high to the low to the end of the show
For the rest of their lives
They couldn’t go back to the greasers
The best they could do was pick up their pieces

Billy Joel
"The Downeaster 'Alexa'"

**Billy Joel**

*Originally in Am, I play in Em.*

**Em**

Sometimes I capo 2, the highest note is Bb in Am.

Mostly muted, be judicious with strumming.

Vox start on I II III (B in G)

Well I'm on the Downeaster Alexa

And I'm cruising through Block Island Sound

I have charted a course to the Vineyard

But tonight I am Nantucket bound

We took on diesel back in Montauk yesterday

And left this morning from the bell in Gardiner's Bay

Like all the locals here I've had to sell my home

Too proud to leave I worked my fingers to the bone

So I could own my Downeaster Alexa

And I go where the ocean is deep

There are giants out there in the canyons

And a good captain can't fall asleep

I've got bills to pay and children who need clothes

I know there's fish out there but where God only knows

They say these waters aren't what they used to be

But I've got people back on land who count on me

So if you see my Downeaster Alexa

And if you work with the rod and the reel

Tell my wife I am trolling Atlantis

And I still have my hands on the wheel

Interlude, lots of ayyy-o and accordion noises

Now I drive my Downeaster Alexa

More and more miles from shore every year

Since they tell me I can't sell no stripers

And there's no luck in swordfishing here

I was a bayman like my father was before

Can't make a living as a bayman anymore

There ain't much future for a man who works the sea

But there ain't no island left for islanders like me

Ay-ay yo,          oh

A

Friday night I crashed your party
Saturday I said I'm sorry
Sunday came and trashed me out again
I was only having fun
Wasn't hurting anyone
And we all enjoyed the weekend for a change

I was stranded in the combat zone
I walked through Bedford Sty alone
Even rode my motorcycle in the rain
And you told me not to drive
But I made it home alive
So you said that only proves that I'm insane

You may be right I may be crazy
But it just may be a lunatic you're looking for
Turn out the lights, don't try to save me
You may be wrong for all I know
But you may be right

Remember how I found you there
Alone in your electric chair
I told you dirty jokes until you smiled
You were lonely for a man

Bob Dylan - If You Gotta Go

Originally in F#, Flying Burrito Brothers in E
Dylan version does I→IV throughout the verse,
I follow the Burrito Brothers arrangement that
doesn't do this until the chorus.
I also mix the lyrics from different versions here.

I want to be with you, girl
Hard stop on "you"
E
If you want to be with me

E A E

That's all right
A E
But if you got to go, go now

E A E
But if you got to go

Or else you got to stay all night

And I certainly don't want you thinkin'

Bob Seger - Turn The Page

I like to play this about 1.5x faster than the original, starting with the Em at the 7th fret with the open top string, then going to more like a low E5 in the second part of the verse.

Changing positions keeps this fairly repetitive song from getting stale. Actually I try to use as many voicings with the open high E string as I can.

Em D Em Em

Em
On a long and lonesome highway east of Omaha
D
You can listen to the engine, moanin' out its one note song
A
You can think about the woman, or the girl you knew the night before
Em
And your thoughts will soon be wandering the way they always do
D
When you're riding sixteen hours and there's nothing much to do
A
You don't feel much like writing, you just wish the trip was through

Em
But here I am, on the road again
D Em
Here I am, up on stage
D A
Here I go, playing the star again
C D Em
There I go, turn the page

Quiet, let chords ring...

Em
Out there in the spotlight, you're a million miles away
D
Every ounce of energy you try to give away
A
And the sweat pours out your body like the music that you play
Em
Later on that evening, as you lie awake in bed
D
The echoes of the amplifiers ringin' in your head
A
And you smoke the day's last cigarette, remembering what she said
Em
But here I am, on the road again

Originally a solo on chorus chords, I just let the i ring for a while then come back in with slow, hanging chords.

Am

Ooooooooh, we've got to hold on ready or not

F  G

You live for the fight when it's all that you've got

Original goes up 1.5 steps, I usually skip that, and do one half-time, super-melodramatic chorus here.

A screen door slams, Mary's dress waves

Like a vision she dances across the porch as the radio plays

Roy Orbison singing for the lonely

Hey that's me and I want you only

Don't turn me home again, I just can't face myself alone again

Don't run back inside, darlin', you know just what I'm here for

So you're scared and you're thinking that

Maybe we ain't that young any more

Show a little faith, there's magic in the night

You ain't a beauty but hey you're all right

Oh and that's alright with me

You can hide beneath your covers and study your pain

Make crosses from your lovers, throw roses in the rain

Waste your summer praying in vain for a Savior to rise from these streets

Well now I'm no hero that's understood

All the redemption I can offer girl is beneath this dirty hood

With a chance to make it good somehow hey

What else can we do now except

Roll down the window and let the wind blow back your hair

Well the night's busting open these

Two lanes can take us anywhere

We got one last chance to make it real

To trade in these wings on some wheels

Climb in back, heaven's waiting down on the tracks

Oh come take my hand

We're ridin' out tonight to case the promised land

Lyin' out there like a killer in the sun

Hey I know it's late, we can make it if we run

Oh oh thunder Road, sit tight, take hold, thunder road

Well I got this guitar and I learned how to make it talk

And my car's out back if you're ready to take that long walk

I am a little bear
So cute with fuzzy hair
Once upon a time I was so nice
Now I'm loved and hugged no more
And I'm stuck here at this store
And nine ninety-nine is my new price
I used to hang around
All glossy black and brown
In a high-rise apartment oh so fancy
But I lost my button eye
And began to slowly die
And now it's up to you to bring me mercy
This little soul of mine
Is nine ninety-nine
And if you've got some thread
Then you can fix me
I'm torn, old, and pale
And I am for sale
What I need is for someone to pick me
I was put out with the trash

With the fireplace ash
Torn dirty and clean out of luck
But the garbage men were kind
And they sewed up my behind
And put me on the grill of their truck
I lived there for a year
And shed so many tears
'Til one day I fell underneath the tires
Now the only single way
I'll go home with you today
Is if you're desperate for a doll
That's sick and tired
This little soul of mine
Is nine ninety-nine
And if you've got some thread
Then you can fix me
I'm torn old and pale
And I am for sale
What I need is for someone to pick me
Let chords ring
But that's just what you did
You saved me little kid
You saw that I had stories left to tell

Yesterday the sun shined but you knew that it wouldn't last.

If yesterday was a bucket of seeds then today's just a patch of grass.

When you woke up this morning you felt the rain fall on your head.

Yesterday you cruised the sky but today you'll stay in bed.

You are an unusually blue bluebird. I guess you won't fly today.

But you're an unusually blue bluebird. The wind just won't blow your way.

But you're an unusually blue bluebird. Colors bright and strong.

You're an unusually blue bluebird. You never know what will blow your way.

You're an unusually blue bluebird. Make the best of the day.

You're an unusually blue bluebird. You're an unusually blue bluebird.

When the letter says a soldier's coming home

Solo on verse chords if appropriate
One Friday night at a football game

The lord's prayer said and the anthem sang

And a man said folks would you bow your head

For a list of local Vietnam dead

Crying all alone under the stand

Was a piccolo player in the marching band

And one name read and nobody really cared

But a pretty little girl with a bow in her hair

I cried

Never gonna hold the hand of another

Guy, too young for him they told her

Waiting for the love of a travelin' soldier

Our love will never end

Waiting for the soldier to come back

Again, never more to be alone

When the letter says a soldier's coming home

I cried

Never gonna hold the hand of another

Guy, too young for him they told her

Waiting for the love of a travelin' soldier

Our love will never end

Waiting for the soldier to come back

C    D7    G    C    G

    G    C    G    D

    Em    A7

    Em    D7
This'll be the day that I die

G    Am
Did you write the book of love?
    C    Am
And do you have faith in god above
Em    D
If the bible tells you so?
And while the king was looking down
The jester stole his thorny crown
The courtroom was adjourned
No verdict was returned
And while Lenin read a book on Marx
The quartet practiced in the park
And we sang dirges in the dark
The day the music died
We were singin'

So bye, bye Miss American Pie
Drove my Chevy to the levy but the levy was dry
And good old boys were drinkin' whiskey and rye
Singin' this'll be the day that I die
This'll be the day that I die

Helter skelter in a summer swelter
The birds flew off with a fallout shelter
Eight miles high and fallin' fast
It landed foul on the grass
The players tried for a forward pass
With the jester on the sidelines in a cast
Now the halftime air was sweet perfume
While sergeants played a marching tune
We all got up to dance

But we never got the chance
'Cause the players tried to take the field
The marching band refused to yield
Do you recall what was the feel
The day the music died?
We started singin'

So bye, bye Miss American Pie
Drove my Chevy to the levy but the levy was dry
And good old boys were drinkin' whiskey and rye
Singin' this'll be the day that I die
This'll be the day that I die

And there we were all in one place
A generation lost in space
With no time left to start again
So come on Jack be nimble, Jack be quick
Jack Flash sat on a candle
Stick, 'cause fire is the devil's only friend
And as I watched him on the stage
My hands were clenched in fists of rage
No angel born in Hell
Could bread that Satan's spell
And as the flames climbed high into the night
To light the sacrificial rite
I saw Satan laughing with delight
The day the music died
He was singin'

I met a girl who sang the blues
And I asked her for some happy news
But she just smiled and turned away
I went down to the sacred store
Where I'd heard the music years before
But the man there said the music
Wouldn't play

But in the streets the children screamed
The lovers cried and the poets dreamed
But not a word was spoken
The church bells all were broken
And the three men I admire most
The Father, Son, and the Holy Ghost
They caught the last train for the coast
The day the music died

Often played in Am, I play in Em capo 3.
Note the vocals ride mostly on IV in this key, i.e. the A
in Em.
Crazy chromatic key changes are also common, but I
skip that when
doing it acoustic. This is fun to do with just bass and
vox, in
which I case I go up a half-step after every chorus.

Guitar only, just one measure in original, but wait for vox

Bass and drums enter when vox come in, drums still pretty sparse

Gotye - Somebody That I Used to Know

"Gotye - Somebody That I Used to Know"

Originally in Dm, I play in Am, which is really low in the verse, so take all opportunities to take the melody up rather than down. Playing in the original key and dropping the chorus an octave is also reasonable.

Grease - Freddy My Love

Originally in Db, I play in E
Get the vox ready for "flipped over that gray cashmere sweater", and also think hard about how serious you are about the melody in the bridge. It's rhythmically simple, but melodically wild. Plan on a class-II train wreck in the bridge.

I usually capo 3 for this, so it's just higher than an octave down from the original.

I usually lead in with a slow rendition of the riff, an octave down (open position).

She's got a smile that it seems to me
Reminds me of childhood memories
Where everything
Was as fresh as the bright blue sky

Now and then when I see her face
She takes me away to that special place
And if I'd stare too long
I'd probably break down and cry

Soft, crescendo through the chorus

To quietly pass me by

She's got eyes of the bluest skies
As if they thought of rain
I'd hate to look into those eyes
And see an ounce of pain

Her hair reminds me of a warm safe place
Where as a child I'd hide
And pray for the thunder and the rain

Heart - Alone

The original starts in Bbm. For a male voice this works okay with the chorus an octave down. For a human (i.e., non-Heart) female, Gm is somewhat reasonable, so I play it in Em, capo 3. A dude singing in Em works pretty well too. If feeling less-than-great in Em, don't go up to "got by" (which is a G), just stay on the E. Similarly, sing the "how do i get you alone?" on E,F,E-->D instead of G,F,E-->D.

**Jefferson Airplane - Somebody to Love**

*Originally in F#m, I play in Am capo 3*

When the truth is found to be lies
And all the joy within you dies

Don't you want somebody to love?

Don't you need somebody to love?

Wouldn't you love somebody to love?

Your mind is so full of red

Don't you want somebody to love?

Don't you need somebody to love?

Wouldn't you love somebody to love?

Your eyes, I say your eyes may look like his
Yeah but in your head baby
I'm afraid you don't know where it is

Don't you want somebody to love?

Don't you need somebody to love?

Wouldn't you love somebody to love?

Kenny Rogers - The Gambler

Originally in E, I play in D capo 2

On a warm summer's evenin' on a train bound for nowhere

I met up with the gambler, we were both too tired to sleep

So we took turns a-starin' out the window at the darkness

Till boredom overtook us, and he began to speak

He said, son, I've made a life out of readin' people's faces

And knowin' what their cards were by the way they held their eyes

And if you don't mind my sayin', I can see you're out of aces

For a taste of your whiskey I'll give you some advice

So I handed him my bottle and he drank down my last swallow

Then he bummed a cigarette and asked me for a light

And the night got deathly quiet, and his face lost all expression

Key change

Ev'ry gambler knows that the secret to survivin' is knowin' what to throw away and knowing what to keep

'Cause ev'ry hand's a winner and ev'ry hand's a loser

And the best that you can hope for is to die in your sleep

And when he'd finished speakin', he turned back towards the window

Crushed out his cigarette and faded off to sleep

And somewhere in the darkness the gambler, he broke even

Laura Branigan - Gloria

Originally in A, I play in A capo 3, or if I’m feeling like a vocal reach, in D (D is better for the guitar). Highest note is the 4, but it’s a long 4 ("caaaaaalllling"), and there’s an awful lot of 3.

In A, play the intro A/E as:

Gloria, you’re always on the run now

Running after somebody, you gotta get him somehow
A/E E

I think you’ve got to slow down
D/A A

Before you start to blow it

A/E E

Will you meet him on the main line

Thriller, thriller night

So let me hold you tight and share a killer, thriller, ow!

I'm gonna thrill you tonight

End on "thrill you tonight", or keep going if appropriate...

Darkness falls across the land the midnight hour is close at hand
Creatures crawl in search of blood to terrorize y'all's neighborhood
And whosoever shall be found without the soul for getting down
Must stand and face the hounds of hell and rot inside a corpse's shell
The foulest stench is in the air the funk of forty thousand years
And grizzy ghouls from every tomb are closing in to seal your doom
And though you fight to stay alive your body starts to shiver
If I play in G, which sounds better on guitar, I go down an octave for the chorus. Or I play in E, which sounds better for my voice, and go up to the chorus (which is a monster of E, but worth it. In E, it's lots of open pentatonic minor, and E D A D (i.e., ignore all the slash chords and add9's). And start sloooow, the chorus is a lot of words.

I dig rock and roll music and I'd
Love to get the chance to play (and sing it)
I figure it's about the happiest
Sound going down today

The message may not move me
Or mean a great deal to me
But hey, it feels so groovy to say

I dig the Mamas and the Papas at
"The Trip," Sunset Strip in L.A.
And they got a good thing going
When the words don't get in the way

And when they're really wailing
Michelle and Cass are sailing
Hey, they really
Nail me to the wall

I dig Donovan in a dream-like, tripped out way
His crystal images tell you 'bout a brighter day

And when the Beatles tell you
They've got a word "love" to sell you
They mean exactly what they say

I dig rock and roll music
I could really get it on in that scene

Times Square can’t shine as bright as you
\[ G \]
I swear it’s true

\[ C \]
Hey there Delilah

Don’t you worry about the distance
\[ C \]
I’m right there if you get lonely
\[ Em \]
Give this song another listen
\[ Am \quad G \]
Close your eyes
\[ F \quad G \quad Am \]
Listen to my voice it’s my disguise
\[ G \]
I’m by your side

Bridge, vox on the 1 of the chord
\[ F \]
A thousand miles seems pretty far
\[ G \]
But they’ve got planes and trains and cars
\[ C \quad Am \]
I’d walk to you if I had no other way
\[ F \]
Our friends would all make fun of us

Plain White T's
And we'll just laugh along because
We know that none of them have felt this way

Delilah I can promise you
That by the time that we get through
Vox to the 5 of the chord on "world"
The world will never ever be the same
And you're to blame

Hey there Delilah you be good and don't you miss me
Two more years and you'll be done with school
And I'll be making history
Like I do

You'll know it's all because of you
We can do whatever we want to
Hey there Delilah here's to you
This one's for you

Oh it's what you do to me
Oh it's what you do to me
Oh it's what you do to me
What you do to me

Savatage - All That I Bleed

Originally in Bb, I play in G.
This is really low in the verse, but this song is
all about the second chorus, which sits on the 1 and
goes up to the 2, so totally worth the low verse.

\[G \quad D \quad C \quad D\]
\[\times 2\]

\[G \quad D \quad C \quad D\]
Someone got themselves a letter
\[G \quad D \quad C \quad D\]
In the mail the other day

It's al r - eady worn and tattered
\[G \quad D \quad C \quad D\]
And I guess it gives away

\[Am \quad G\]
All the things we keep inside
\[Am \quad D\]
All the things that really matter
\[Am \quad G\]

\[Am \quad D \quad G\]
And all is well until the heart betrays

\[G \quad D \quad C \quad D\]

Fade on chorus
Sesame Street - I Don't Want to Live on the Moon

Well I'd like to visit the moon
On a rocket ship high in the air
Yes I'd like to visit the moon
But I don't think I'd like to live there

Though I'd like to look down at the Earth from above
I would miss all the places and people I love
So although I might like it for one afternoon
I don't want to live on the moon

I'd like to travel under the sea
I could meet all the fish everywhere
Yes I'd travel under the sea
But I don't think I'd like to live there

I might stay for a day there if I had my wish
But there's not much to do when your friends are all fish
And an oyster and clam aren't real family
So I don't want to live in the sea

Bridge, vox on the 3 of the chord on "visit"

I'd like to visit the jungle hear the lions roar
Go back in time and meet a dinosaur
There's so many strange places I'd like to be

But none of them permanently
So if I should visit the moon
Well I'll dance on a moonbeam and then I will make a wish on a star
And I'll wish I was home once again

Though I'd like to look down at the Earth from above
I would miss all the places and people I love
So although I may go I'll be coming home soon 'Cause I don't want to live on the moon
No I don't... want to live... on the moon

Simon and Garfunkel - The Boxer

*Originally in B, probably as C tuned down, I play in C*

I am just a poor boy though my story's seldom told

I have squandered my resistance

For a pocket full of mumbles, such are promises

All lies and jest, still a man hears what he wants to hear

And disregards the rest

When I left my home and my family, I was no more than a boy

In the company of strangers

In the quiet of a railway station, running scared

Laying low, seeking out the poorer quarters

Where the ragged people go

Lookin' for the places only they would know

Asking only workman's wages I come

Looking for a job but I get no offers

Just a come-on from the whores on Seventh Avenue

I do declare, there were times when I was so lonesome I took some comfort there

I was gone

Going home where the New York City winters aren't bleeding me

Leading meeeeee going home

In the clearing stands a boxer and a fighter by his trade

And he carries a reminder of ev'ry glove that laid him down

Or cut him till he cried out in his anger and his shame

I am leaving, I am leaving

But the fighter still remains, mmm mmm mmm

This is like four minutes in the original, if no harmonies, keep it to one chorus.

Standing here beside you

Want so much to give you

This love in my heart that I'm feeling for you

Let 'em say we're crazy, I don't care about that

Put your hand in my hand baby don't ever look back

Let the world around us just fall apart

Baby we can make it if we're heart to heart

And we can build this dream together

Standing strong forever

Nothing's gonna stop us now

And if this world runs out of lovers

We'll still have each other

Taylor Swift - Shake it Off

Originally in G, I play in G and sing down an octave.

Vox go from the low 1 up to the 5 1.5 octaves above, so I don't go down all the way on the chorus.

Intro percussion only, though playing the root helps find the first vocal line.

Vox on the 5 of the key on "I", and the 3 on "late"

Am
I stay out too late

C

In the low octave, start going back up on the third "play"

Am
'Cause the players gonna play, play, play, play

C
And the haters gonna hate, hate, hate, hate, hate

G
I'm just gonna shake, shake, shake, shake, shake
Shake it off, I shake it off

Taylor Swift
Heartbreakers gonna break, break, break, break,
And the fakers gonna fake, fake, fake, fake, fake
I'm just gonna shake, shake, shake, shake, shake
Shake it off, I shake it off

Shake it off, I shake it off, I I
I shake it off, I shake it off, I I
I shake it off, I shake it off

Percussion only in the original, but way less awkward acoustic to keep the chords going. Talk over the first part, sing the second part on the chorus melody.

Hey, hey, hey, just think
While you've been gettin' down and out
About the liars and dirty, dirty cheats of the world
You could've been gettin' down to this sick beat

My ex-man brought his new girlfriend
She's like "oh my god" I'm just gonna shake it
To the fella over there with the hella good hair
Won't you come on over baby we could shake shake shake

I play this in E (the original key), which mostly rules out the high 'Please Please Me'; I keep that one at E.

One voice stays on the 1 the whole time

Last night I said these words to my girl
I know you never even try girl

Come on (come on), come on (come on)
Up to the 1 of the key on the second "come on"
Come on (come on), come on
Please please me, whoa yeah
Like I please you

You don't need me to show the way girl
Why do I always have to say girl

Come on (come on), come on (come on)
Come on (come on), come on
Please please me, whoa yeah

I don't want to sound complaining
But you know there's always rain in my heart (in my heart)

I do all the pleasing with you

The Beatles - Something

After the first 'I don't know' in each chorus,
I do a descending A --> Ab --> G --> Gb --> F --> E
I also generally ignore all the slash chords on guitar.

And I play a measure or two of C before the 'intro'
on guitar; that F always feels like a rocky start.
Sometimes I just skip the 'intro'. When I play
that riff on guitar, I try to be super-soft on the Eb.

The Cars - You Might Think

Originally in D, I play in A capo 1

A D E A
A D E F#m
D E A A

You might think I'm crazy, to hang around with you
Maybe you think I'm lucky, to have something to do
But I think that you're wild
Inside me is some child

You might think I'm foolish
Oh, baby it's untrue (you might think)
You might think I'm crazy (all I want)
All I want is you

You might think it's hysterical, but I know when you're weak
You think you're in the movies, and everything's so deep
But I think that you're wild
When you flash that fragile smile
You might think it's foolish

What you put me through (you might think)
You might think I'm crazy (all I want)
All I want is you

And it was hard, so hard to take
There's no escape, without a scrape
Hard stop on both chords here
But you kept it going, till the sun fell down
You kept it going

Solo if appropriate, skip if solo acoustic
You might think I'm delirious, the way I run you down
But somewhere, sometimes, when you're curious, I'll be back around
And I think that you're wild
And so uniquely styled

You might think it's foolish
This chancy rondezvous (you might think)
You might think I'm crazy (all I want)
All I want is you

Am C G C D
Given to a man with hands as cold as ice
D G Gmaj7 C
So she tells him she must go out for the evening
Am7 D
To comfort an old friend who's feelin' down
G Gmaj7 C
But he knows where she's goin' as she's leavin'

She is headed for the cheatin' side of town

We go to the doctor, we go to the mountains

The Monkees - I'm a Believer

Start with a little semblance of the organ riff, e.g.:
D------3--3--5p3--3--
A--3h5----------5--

I thought love was only true in fairy tales
Meant for someone else but not for me
Love was out to get me
That's the way it seemed
Hard stop on the D7
Disappointment haunted all my dreams

Then I saw her face now I'm a believer
Not a trace of doubt in my mind
Hang a half-beat after "love"
I'm in love I'm a believer I couldn't leave her if I tried

I thought love was more or less a givin' thing
Seems the more I gave the less I got
What's the use in tryin'?
All you get is pain
When I needed sunshine I got rain

Then I saw her face now I'm a believer
Not a trace of doubt in my mind
I'm in love I'm a believer I couldn't leave her if I tried
